of the whole. Rend a fectod time, the Bill for a feertaining the rates of Impost.

Mr. I weak proposed, that the duty on distilled
fpirin, Jamatia proof, thould be reduced to 6 cent per
gallon—this trought on a debate which lafted pmil the
House odjourned.

SATUS DAY, MAY 9, 1789.
The bill regulating the called in of the impost, was

read a second time.

The House then went into a Committee on the hill for laying certain duties on goods, wares, and merchan

Mr. To CRESproposed a reduction upon diffiled furing
Mr. To CRESproposed a reduction upon diffiled furing
Jamaica proof; introductory to a general deduction from
the forms annexed to the specified articles in the bill— This was supported with great spirit by several Speak-er—high duties, it was contened would operate un-

equally and oppositively—would produce finingling and defeat the views of government by leftening the revenue—they would contravene the ideas and expectations formed by the people, under the administration of the new condition of the new condition of the new condition of the new condition open the danger and differently condequence of fruggling, much was urged that it would be extremely difficult if not impossible to prevent it to a very given degree, as must be obvious to those who contemplated our local conceniences for in-that to calculate upon the virtue, and particulate of it—this to calculate open the virtue, and parties in of individuals, when powerful temptations were prefented to different both, would be found failacious. Moderate duties leftened the indiscensis to fraud, would make foreigning infamous, and make the collection left expensive, and topercede the necessity of an unpopular, and ripowerful free to the collection left expensive, and topercede the necessity of an unpopular, and ripowerful free to the duties as they now fland, it was the first parties but they consider the duties as they now fland, it was considered the duties as they now fland, it was the first parties that they cannot be a supplemental to the considered they are foreigned to the considered they are foreigned to the considered they are they are the first they are they are

equally well observed, that the lyssem having had three different discussions, it should seem as it nothing effec-tially new or important could be offered upon the sub-

jet. I have the duties proposed had been the refute of much investigation of the tubje? — that it was hardly probable that a charge of tentiments could take place,—duties it was allowed were high in fome inflances, compared to what had been collected in others, and were in no proportion to those collected in other, and were in no proportion to those collected in other counties—that it was confount to the ideas and willies of the people,—that inquires desuit the taxed high—that the impost in general, it would be found that the amount to be produced bytom the (vicine now under community). mount to be produced upon the vicem now under con-fideration, it was to be apprehended would prove in-fulficient for the public exigencies.

The question being put on the proposition of Mr. Tucker, it was negatived—26 to 19.

ADDRESS of the SENATE to the PRESI In answer to bu S P E E C H to both Houses of CON-

S I R, WE, the Senate of the United States, return yo W.E., inc. cerate of the United States, return you our fineers thanks, for your excellent Speech delivered to both Houses of Congress; congratulate you on the complete organization of the Federal Government, and fediciate ourselves and our fellow critizenson your elevation to the office of Prefident: An office highly improved to the nontime confined to the confine portant by the powers confirmingally annexed to i and extremely honourable from the manner in white and extremely honourable from the manner in which the appointment is made. The unminous fuffrage of the elective body in your favor; is peculiarly expredite of the gratitude, confidence, and affection of the citizens of America, and is the higher redimonial at once of your merit and of their eleem. We are familied, Sir, that politing but the voice of your fellow cir. izeas could have called you from a retreat, chofen with the fonder predification, undeared by habit, and confectated to the repote of declining years. We rejoined and with as all America, that in obedience to the call of cure common country, you have returned once more

crated to the repote of declining year. We rejoice and with us all America, that in obedience to the call of cur common country, you have returned once more to publishie. We want to publishie the proper adjustes confide; in you all interests unite; and we have no doubt, that your publifier, the country is a startion of the third to avert the dangers to which you at long the country is a startion will tend to avert the dangers to which newwer expert, to give itability to the prefer government, and dignity and filendour to that country, which your fell and valour as a foldier, to eminently countributed to rate to independence and empire. When we contemplate the toin-edience of circumfances, and wonderful combination of causes, which gradually prepared the people of this country for independence; when we contemplate the rife, progress and termination of the late war, which gate them a name among the nations of the cartif, we are, with you, unavoidably led to acknowled and adore the great Arrived to the country of the many liqual inflances of divine interpolition in favour of this country claim our most plus gratitude: An eview of the many liqual inflances of divine interpolition in favour of this country claim our most plus gratitude: An eview of the many liqual inflances of divine interpolition in favour of this country claim our most plus gratitude: And permit us, Sir, to observe, that among the great events which have led to the formation and effabilihment of a Federal Government, we cheem your acceptance to the office of Freddent as one of the most proprietors and important.

In the execution of the rms reported in us, we feel the contract of the late of the late of the most propriet in unit of the late of the late of the most propriet in unit of the late of the

your acceptance to the omee of Frencess as one of the most proportions and important.

In the execution of the cross reposted in ut, we shall endeavour to purfue that enlarged and liberal policy, to which your speech so happil, directs. We are confeious that the professing of each State is inteparably connected with the welfare of all, and that in promotconnected with the welfare of all, and that in promoting the latter, we shall effectually advance the forner. In full periods on of this truth, it shall be our invariable aim; to divest ourfelres of local prejudices and attachments, and to view the great assuming of communities and interests committed to our charge, with an equal eye. We feel, Sir, the force, and acknowledge the justines of the observation, that the foundation of our national policy should be laid in public morality. If institutious be not influenced by moral principles, it is in vain to look for public virue; it is therefore the day of legislators to enforce, both by precept and example, the utility as well as the necessity therefore the duty of legislators to enforce, both by precept and example, the utility as well as the necessity of a thrift adherence to the rules of distributive judice. We beg you to be affored, that the Senate will at all times therefully co-operate in every measure, which may strengthen the union, conduce to the happeners, or focure and perpetuate the liberties of this great confederated Republick.

We commend that Six to the met Office.

erated Republick.

We commend you, Sir, to the protection of Almighty God, earnedly beforehing him long to preferre a
life fo valuable and dear to the people of the United
States, and that your administration may be prosperous
to the nation, and glevious to yourlest.

La Securate, May 16, 1189.

Signed by Order,

JOHN ADAMS. Prefident of the Senate of the United States.

To which the PRESIDENT made the fellewing.

To exhibit the PARSINEST made the fellowing.

[GENTLEMEN]

[THANK you for your address, in which the staffections the fentiments are expressed in the fentiments are expressed in germs. The coincidence of circumfuncts with least to this paraphicities critique, the confidence reporting to the property of the fentiments and the affiliance I was more paraphically in the paraphical paraphical part from deconsider which will be dictated by an extend liberal policy, feem to preface a more made extend liberal policy, feem to preface a more made extend liberal policy, feem to preface a more made extend liberal policy, feem to preface a more made extend liberal policy, feem to preface a more made extend liberal policy, feem to preface a more made extend liberal policy. pect fro d counfels which will be dictated by an ob-civant liberal policy; feem to prefage a more pur-cival liberal policy; feem to prefage a more pur-cival five to my administration; that a difficienced abilities had traught upe to anticipate. I now fiel a felt in experiently happy in a belief, the "irrelevent has done for gipth for our infant nation, will not a draw its prefutential infraence before our policial licity thall have been completed; and in a consis-tiant the Sense will at all times co-operate in a traction of the preference of the preference of the pre-mandary, which may tend to promote the affecthat the Senste will at all times co-operate in ex-measure, which may tend to promote the relies this Confederated Republick. Thus supported a firm truit in the great Arbiter of the universe, add, the collected without of the Union, and imploring a divine benediction on our joint exciton; the te-vice of our country. I readily engage with you had arduous, but pleasing talk, of attempting to mak in the harm. tion happy.
