tion, pullication and preiervation of the act of Con-giv.

This was however poliponed, on Mr. Vinning giv-ling notice that this day he should more for leave to bring in a bill so establish a domelick department.

This subject was connected with the one immediately preceding as this establishment would provide a pro-per repository for the public records of the Legislature, and many objects of the report might be comprehend-ed in this provision.

and many objects of the report might be comprehended in this provision.

Mr. Vinning moved a refolution, that the PRESIDENT of the United States, he authorized and requested to provide a great and leifler Seal, with proper devices, for the use of the United States.

After fome conversation, in which it was observed that such a provision respecting the great feal was needless and improper, as one already existed; and some doubts were expressed as to the necessity of a privy seal, it was agreed that the motion should lie on the table.

lea, it was a served a resolution, that a committee ble.

Mr. Benson, moved a resolution, that a committee should be appointed to bring in a bill to prescribe the form of commissions to be granted to the officers of the United States. Ordered to lie on the table.

The following ADDRESSof the Governor and Counne folowing ALDER, 2501 the Governor and Coun-cilof the State of North-Catolina, has lately been prefented to General WASHINGTON, Prefident of the United States; to which he has been pleafed to return the Answer thereon

To His Excellency
GEORGE WASHINGTON, Efquire, Prefident of the UNITED STATES.

S I R,

AMIDST the congratulations which furround you from all quarters, WE, the Governor and Council of the State of North-Carolina; beg leave to offer ours, with equal finerity and fervency with any which can be preferred to you. Though this flate he not yet a member of the Union under the new form of Government we had forward with the cleafing hope of its metabor of the unon under the new form at Overin-ment, we look forward with the pleafing hope of its fhortly becoming fuch; and, in the mean time, con-ider ourfeles bound in a common intered and affecti-on, with the other fixtes, waiting only for the happy.

eight of fuch alternations being proposed as will to move the apprehensions of many of the root critical of this flate, for those liberties for which they have look and fusions, for those liberties for which they have look and fusions of undersord in common will be accelerated by young leaves, and added the common will be accelerated by your leaves a large and the function of the large liberty? Supported the function of the large liberties and the large liberties liberties and the large liberties libert opinion. Your Excellency will confider (bowered opinion and forget) how extremely difficult it is month others that forged how extremely distract it is minited all the people of agreet country in one common feat, ment upon almost any political fubject, much les net a new John of government materially distract from one they have been according to a and will be found to report that to much his beautiful rather he disjoided to repore that to much his beautiful and the second that more could hear all it was a second that more could hear all it was a second to the country of the second that more could hear all its areas when these could have the second to the second that the second that more could hear all its areas when the second that more could hear all its areas when the second that the second th fore rather is different to rejoice that so much his bean energed, than regret that more could not all at once be accomplished. We since the value of the country in the world where such a delibert only country in the world where such a delibert change of government could take place under any circumstance, whatever.

change of government could take place under pay dicumifancts whatever.

We hope your Excellency will perdon the liberty we
take in writing to you for particularly on this fulled ytake in writing to you for particularly on this fulled ybut this fixet, however it may differ in any political
opinions with the uther flates, cordially joins with
them in featiments of the uthout graintude and sennation for those diffingulated talenty, and that illedit,
ons virtue which we feel a fivile in taying we believ,
under God, have been the principal means of preficing the liberty and procuring the independence of or
country. We cannot help confidering you, juit in formenture, as the father of it, and hope to experience the
good stift for that confidence you for juitly lave stignic
ed, in an abatement of the party fourt which 6 menendangers a union on which the fafety and lappinel of
America alone can be founded. May that upon, at America alone can be founded. May that union, at a thort diffauce of time, be as perfect and more fafe than Bort diffance of time, be as perfect and more life that ever!—And in the mean while may the Bate of North-Carolina be considered, as it ruly delerres to be, at the best of the considered, as it ruly delerres to be, at the best of the considered with equal warmth with any fate in the Union, to the true interest, profiperity, and glory of America, differing only in some particulars in optimion as to the means of promoting them?

SAMUEL JOHNSTON.

By Order and on Behalf of the Council,

JAMES IREDELL, Freident.

By Order,

WILLIAM JOHNSTON DAWGY.—

Clerk Council.

May 10, 1789. To the Governor and Council of the State of North-Carolina.

GENTLEMEN.

1T was fearedly possible for any address to have given me greater pleafure than that which I have justicely existed the pleafure than that which I have justicely of the proposition of my conductive of your appropriation of my conductive of your appropriation of my conductive of the first office. It its union, but allo indicative of the good dispositions of the citizens of your directive of the good dispositions of the citizens of your directive of the good dispositions of the citizens of your directive of the good dispositions of the citizens of your directive of the young the plant of the probability of their speedy according to the New General Government.

ment.

In infilication of the aptition which you are plated
to express of my readiness. It is notified every mediate
"so advised to compose party divisions, and it
abate any animosity that may be excited by a mete
difference of opinion," I take the liberty of refering you to the featiments communicated by ne, to ing you to the featuments consuminated by inc, to the two Houses of Congrete. On this occasion I are likewise happy in being able to add the stronger ar-forances, that I entergan a well grounded expedition that nothing will be wanting on the part of the different branches of the general government to rea-der the Union as perfect, and more left than ever it har.

der the Union as perfect, and more lefe than ever it hat been.

A difference of opinion on political point is not to be imputed to Freemen as a fault; (once it is to be private the they are all officiated by an equally ladding and facred regard for the liberties of their country-life the mind is to formed in different perfora all confider the fame object to be formewhat different in its nature and confequences, as it happened to be pleed in different points of view, and if the oldel, the alternate the most viewons flatemen have often differed in indument as to the belt forms of oversmenter. judgment as to the bell forms of government we ought, indeed rather to rejoice that fo much his been effected, than to repret that more could not all at ons he accomplified.

Granifed by the favourable fentiments which are o

Granted by the favourable fentiments which are e-vinced in your address to me; and imprefied with at idea that the citizens of your flate are fineerely attain-ed to the interest, the propertity, and the glory of A-merica, I most exmelly implore the divine henselftim and guidance in the councils, which are worthy to be taken by their delegates on a fubject of the most mosaven by their detegrates on a lubject of the molt abmentious confequence, I mean the political relation
which is to fubfilt hereafter, between the flate of NorthCarolina, and the States now in the Union under the
New General Government.

GEORGE WASHINGTON.

New-York, June 19, 1789.

Fariber ACCOUNCES the Law PIRACE.

The Priforers who were taken and brought in here on the 21st. were on Therefall fit engined of, hefore the justices of the Supreme Court; for the trial of piracy; and fellouies upon the high fear.—The following, is an abstract of the eridence afectationed by the confession of John lackford, Mallet; Thomas Bird, Sesman; 1rd Hand Handon, Boy.—th.

That the Shoop Marry was a Gravefend Box; owned partly by Clarke and Hadley, merchants; in London, and partly by Jich Connor, who lived No. 1. Virginalizers, Endellife Highway, London. That the failed from Plymouth in the month of September 1987, and partly by Jich Connor, and feven hands, and arrived at a Factory near inessless illand after a patings of nisps cells. They tarried, on the coad about 18 months: During which time, Leveral occurrences troth place, the date of which could not be afternated. It appears that they were full employed, in the fervice of a Factory Ship, near the Shot Bland; but that they afterwards went to the Jeward, to procure troty and dispose of the condict of Capit. Contor, was a perpetual feene of the international form of the form of the form of the standard went to the Jeward, to procure troty and dispose of the condict of Capit. Contor, was a perpetual feene of the international form of the menon host all elecylonested dowr. Mr. Morgan the mate, with the pump hake, and a surfed him furth a degree that the died within is hoots. That the crew refused to bury the mate, till exidence of the death had been called; but the the Capit. directed one of the bands to few him up in his cert and upon his refusif hed he had sto few him up in his cert and upon his refusif he has he may he had the with the pump hake in the dependence of the hands to few him up in his cert and upon his refusif he has to the him with a pump brike till he depend overboard and escaped from the vestic. stenets of the death had been called; but that the Capadirected one of the bands to few him up in his cut; and
upon his refuel he base him with a pump brake cill
he leaped overboard and eleaped from the vetfel.
That the crew; retrified at this sligge, compiled; and
fewing up the mate in his beding, committed him to
the fea.— The explace the mate, one William Haddywas
hipped. After this proceeding, to leeward, another
featman was left, who is lead to have died by difeafe at
Bethford.—That at Cape Mount they fell in with the
ship Royal Chaloute from London commanded by
Capi. Gutteridge, with whom they exchanged one of
their featment for jestion, a fector dure on London
there had been been supported by the companion of
their featment for jestion, a fector dure on London
there had been been been a feath of the Shop.—
They proceeded in the royage, and the Cape, continting his usual feverity, a plan was laid to shoot him;
which was executed some time in December, off Cape
Laba, the vetfel being them at anothe, and in the following resume: The Capt, being alleep in his too, then
lying in the cabbin—Haddy took port at the complanion door, and fired at him, whild, Bird shot him in the
east through an after feature which opened into the
east through overboard between twelve and one. It does
not appear that Jackson was affuelly concered in this braches. thrown overboard between twelve and one. It does not appear that lackfon was affuell yeoneered in this bu-lack have been prive to it. Tha fines though he might have been prive to it. That Haddy took the command, and shapped his course for the Rearils, but leing incapable of navigating the vestel, obliged Jackson to take command, who made the coall of Africa to take a new departure, whence he fleer-ed for Boston. That on the passage they lost Haddy, concerning whose death there are different accounts. Jackion and Hanfon suppoling that he fell overhoad in-locitiosted, and Bird-declaring that he was killed by Hanfon with anax. "That they spoke wing everal residen-tion of the synaps, and making their ladd fall at Martini-cus arrived at Capelizabeth or Friday the 17th instant cus arrived at Capelizabeth or Friday the 17th instant cus arrived at Capitzabethon Friday the 17th infant in four months and eight daysfrom Guinea.

From the above account the following flatentess of the wetched crew is drawn:

John Connor, imfler, killed by the men.

Thomas Morgan, Mate, killed by the Capitalia.

Al x n ler, die nang died of fickuel. All a fer, der men open of weather.
Thomas Bird, framan, priforer,
Edward Tool, feaman, edeped overfound,
Jacob, framan, erchanged for Jackson,
John, framan, dicharged on the coall.
Hais, Hanfon, boy, priloner.
William Haldy, shipped on the coall ad 1 k. Ted on
its affice. his passage. Joseph Jackson, he late master is a native of New 01,

Josah Jackfon, he late matter is a native of New 01, fon to Josah Jackfon iker.

The above are the principal facts extretted from insteading and contradictory declarations, which are two rolumnaus for inferring; but from deteral cardin a columnaus for inferring; but from deteral cardin a flance, which have aposated done the explosuring a wide field of coun flatters kell of en, as so the whole of this horist transacting.
