Mr. Smith (S. C.) moved for leave to bring in a bill for altering the times of holding the Coulfd in S. Carolina and Georgia. Adjourned until, to-mer-

SATURDAY, AUGTST 7.

The bill for appointing a furveyor general was read a fecond time, and on the question for engrolling was rejected.

The Speaker laid before the Hoofe a letter and re

port from the Secretary of the Treasury, accompanied with flatements of additional sums necessary to be prowith taxement or suctional tims neteriary to be pro-yided for the import of government by farther appro-priations. Also informing the house that a surplus to the amount of one mil ion of dollars arising from the revenues of the present year, beyond the appropriations

ing the propriety of applying the fame towards buying up the proble debt in the market.

The house wear into a committee on the faid letter

and report, and came to the following refolutions

Refelvid, That the fam of fifty thouland dollars out Reports. I hat metan or mits anomals contain out of the monies aring from the duties on imports and tonage be referred and appropriated for intisfying demands against the United States, not otherwise figureally provided for; and that an act for that purpose

cally provided for; and that an act for that purpose ought to be passed the present selfan.

Refelved, That out of the monies referved during the present selfan for the support of government from the duties on imports and tonnage, a sum not exceeding thirty eight thousand eight hundred and notery two dollars and severaly five cents be appropriated for the dollars and feventy five cents be appropriated for the payment of the debts contracted by Abraham Skinner, Intercommittary of prifoners, for the fublishence of the officers of the late army while in captivity.

Refiled, That provision by law should be immedi-

Replaced, that proving no law insulin or immediately made for the application of the furplus flum which final remain in the Treatury after all the appropriations made during the prefent fellion finall. He faits field, in conformity to the teamer of the report of the fe-

ura, in conformity to the teamor of the report of the fe-cretary of the treafury.

The committee then role, and Mr. Fittztimons, Mr. Vining, Mr. Middifon, Mr. Ames, and Mr. Benfon were appointed a committee to prepare and bring in a bill for the purpole.

A report was received from the ferretary of the treafury relative to left excision we

relative to loft certificates; which was read and laid on the table.

and Inid on the table.

A mediage was received from the fenate, that they had confidered the refolation of the beade on the petition of Mr. Menges, and had nonconcurred the fane.

Allo, that they had confidered the hill for the appointment of two additional commitment for fertiling the accounts between the United States and the indirials—affairs and me one of the state of the sta

accounts netween the United States and the Institute af flates, and non-concurred in the fine.

Also, that the fenate had confidered the bill making provides for the disfabled foldiers and framen Intely in the fewice of the United States; and had agreed to

Another mediage was received from the fenate that they had passed the bill respecting the completing the light house on Portland head. Also, that they had a greed to the bill respecting the Virginia cellien, with fome amendments. Also, that the senate agreed to the

fome amendments. Alfo, that the lenate agreed to the resolution for an adjournment on Tuesday next.

The house then proveeded to the confidentiation of the amendment proposed by the felt yet the bill respecting the Virginia cellion, and agreed to the fame.

MONDAY, AUGUST 9.

Mr. Firefamons from the committee appointed for that purpole, reported a bill making certain appropriations; also a bill for reducing the debt of the United States. The faid bills were read a fire and The faid bills were read a first and second cime

The house went into a committee on these bills, se-

The notice with 1800 committee on acce only, po-parately — they were host amcoded and paffed. The houfe proceeded to the confideration of the a-mendments proposed by the fenste to the bill for the relief of difabled foldiers and feamen;—and agreed to

relief of disabled foldiers and featuren; —and agreed to the fame.

A mellage was received from the fenate, that they had paffed the bill for fairitying the claims of Lady-Sterling, with amendments—the faid amendments bing taken into confideration were agreed to.

Mr. Smith, (S. C.) from the committee, to whom was referred the accounts of the treafurer of the United States, for the laft two quarters, made a report on the fame; which was read and laid on the table.

The memorial and representation of the Mr.

The memorial and representation of the Legislature of Massachusetts, on the subject of the fisheries, was

of Management, on the subject or the micries, was referred to the feretary of faste.

Mr. Gilmao, Mr. White, and Mr. Smith (S.C.) were appointed a committee, to join a committee of the fenance on only the Prefident, of the propoled re-

the fenate to notify the remaining sets of Congress.

The boole refolved that all forevers of lands in the United States made under the direction of the late geographer general, agreeable to controls for fuch parts of faid lands made with the late board of treatury be and overfented by the feercrary of the returned to, and prefented by the feercrary of the treafury be as to complete the faid costracts: after that the faid feercrary is hereby authorited to direct the making and compleating any other forveys that remain to be made, to as to comply on the part of the United States, with the steered contracts alorefaid, in conformity to the transitions.

TUESDAY AUGUST 10.

A meffage was received from The Prefudent of the United States, to motify the heofe that the following Acts had received his aften, viz.

An Act making further provision for payment of the public debt of the United States.

An Act to enable the chieres and folders of the Viguina line on the Continental chalifiment, to obtain titles to certain lands therein described.

guia line on the Continental efabilithment, to obtain titles for certain lands therein deferibed.

An Act to authorise the servetary of the treasure to take measures for faishing the light house on Portland head, in the provinces Majne.

Mr. Gilman of the joint committee, reported the following enrolled bills.

An Act for the relief of disabled foldiers and seamen larely in the service of the United States, and of certain other person.

tain other perfons.

An Act declaring the affent of Congress to certain acts of the states of Maryland, Georgia and Rhode. Island and Providence Plantations.

An Act for the relief of the persons therein mentioned or deferibed

An Act toulter the times for holding the Circuit

Court of the United States in the diffritts of Sanh.

Centr of the United States in the didnits of South-Carolina and Georgia, and providing that the didnit cours of Pennfylaunis, thall in fature he held as the city of Philadelphia only.

A medigae was received from the fenate to inform the houfe that they have pulled a refolutions to adjoun-the 12th infit, and request the concurrence of the houfe. This refolution was agreed to. This reledution was agreed to. Adjourned till to morrow, 100'clock, A. M.

Commonwealth of Maffachuletts. Br His Excittener John Hancock, Efquire, Governous of the Commonwealth of MASSACHUSETTS. A Proclamation.

WHEREAS the General Court of the Iaid Common wealth, begun and held at Boffon, nowed, nefday the twenty-fixth day of May Iaif flands adjusted to Wednerdday the twelfth day of Iaimy, A. D. 1797, then to meet at Eofton sfortfaid: And whereas intercentant bulleful wealth of the Iaim Court of the Iaim Court of the Iaim Court of the Iaim Court of Iaim Cou important boliness requires an earlier attendance of the General Court, than the time to which it flands ad-

ourned.
I HAVE therefore thought fit, by and with the Ad. vice of the Council, to convene the General County, on Wednelday, the fifteenth day of September next, a ten of the cleek in the formson, to meet at the Sun. the of the creek man ormoon, to meet at the Sue House in Bestion; and all the Members of the field Coun, are required to take notice thereof, and goven themselves secondingly.

And the Sheriff of the several Counties, their Us-

Yesterday another who was accusted the start cord stready faitned, when M. dela Frette came up and saved his life—And when one of their mad-men, who fitted up the people, cited out that the unhappy wereth onght to be retaken, the illustrious commander himself immediately stated the distinct can countered himself immediately stated the distinct and condusted him to the Chatelet. A new species of courage, and a fabline homage paid to the laws! courage, and a fablime homage paid to the laws!

courage, and a fablime homage paid to the laws!

Friday Jime 10.

M. Bouche flated a curious fast that lately, occared
at Aix. The Regiments de Verine and Royal Marier,
being at variance, happened to meet, and were on the
point of engaging. The Mayor being apprized of the
occurrence, went and harrangued them, which had not
the leaft effect. He then fell on his knees, and called
on them to fire their pieces at him, that he might dis,
rather than he witness of such a feene. The regiments were so much moved by his eloquente and antitudes, that they were its mediately recordled, and we udes, that they were in mediately reconciled, and enited their forces in differting a multitude of vega-bonds, who waited for the moment they should engage to begin a general pillage in the city. The city of Au propose to erect a monement to this worthy citizen.

Menday June 13.

M. Malouet, from the Committee of Marine, preferred to the Affembly a flate of the expense of arming 14 hips of the line, 14 frigates, and 14 fmaller efficie, the total of which amounted to 13,858,120 livres—This fare the Affembly ordered to be printed, that it might undergo a further examination, and, in the mean time, voted to the Minister of Marine thasum of three millions of extraordinaries on account of the pro-fent armaments, out of which be must render an account when the marine accounts are made up.

LONDON, June 19.

Our government have iffued additional orders to the various effices for further arming. The Lords of the Admirally pit three more thus of the line into committee, two of which are the Elephant of 14, and the Ardent of 64, gons—alfo five new frigates.

The beddie and Reletons found in the dangeous of the Beddie.

the Paffile, were depetited on the 1t inst. in Sc. Paul's church yard. The funeral ceremony was accompan-ed with folemn points—The bier was borne by twelve of the workmen employed in the describition of that fortrefs, and the pall forporited by those who had diffin-terred the corpses: they had their tools conspictors with a label containing these words—" I ramble, ye enemies of publick good?" On the cessia were placed bartalion, and alread all the entiress of the de la

The hartallion, and almost all the entirents of the de hardalter, attended this funeral.

Hamphreys, Major Jackson, and Mr. Nel-fon:—And arrived at

fon:—And arrived at NEW PORT;
on the Turfday following: where he was welcomed by the ringing of bells, dithlay of colours and repeated dicharges of canoni. A large and reflectable committee received the Prefidence on the Wharf, and with At 40 clock, the committee waterd on, and efforced him to the State-House, where he partook of an ele-

him to the State-Hoofe, where he partook of an elegant dimer, provided for the occasion, the room was emblementically decorated.

After dimer, the following roofs—were given, ... The United States. 2 (given by the Predden). The United States. 2 (given by the Predden) TreState we are in, and prioperity to it. 3. Our greatest good Ally. 4. Profestive to the Constitution of America. 5. May wildom guide, and may the general good be the great object of the Consilination of America. 6. May the virtues of her citizens equal their valor and wildom. 7. May tity be as zealous in the furport of the prefent government, as they were inthe Lefence of their libertim. 8. May the Laft be the Fift. 9. The memory of the decented Sations and Hercos of our country. 10. The fair daughters of America. 11. Agriculture, Arts, Manufactures and Commerce. 12. The capit of liberty. After the 12th tenf, the Prefeter withdraw with a few or the state of the prefeter withdraw. After the 12th tagi, the Preficent with tree when we Gentlement and drawk, as the 12th tagi.

love.
The greatest deceney was observed, and the highest

umony prevailed.

On Wednelday morning, the Prefident was ad-ireffed On wednesday morning the Frendent was addrelled by the town; the Clergy and Society of Free Masons, and after viliting the leveral part of the town, embatical on beated the packet for PROVIDENCE,
accompanied as infore—where he was received by the citizen's formed in proceeding, agreeable to a previous arrangement, consulting of the different orders, civil and additional consulting of the different orders, civil and additional consulting of the different orders.

and military.
On the Prefident's landing, a federal falute was dif-

charged, and the bells in the town rang a joyful peal.

The general attendance of the citizens of all ranks The general attendance of the citizens or all ranks in proceding, together with the brilliant appearance of the Ladies, at the windows, and doors of the honfes, terliard their pleasure on this happy occasion. In the evening the College Edifice was splendidly illiaminated. Mr. Jacob Haseles, of Newport, has made foch further than the college of the college of the college of the was plendidly illiaminated.

ther improvements in extracting fresh water from o-cean water, as to take nine and, one half parts of fresh water from ten of acean water, fo as to answer for land of fea for all the common and culinary purpofes of founting or view water. Mr. Hanchs preferred a bottle of water extracted by him to the Prefident of the United States, on his late wift at Newport, who was pleased to, express hunfelf highly fashified therewith.

fatisfied therewith.

Two young men are committed to goal in Portland
on a complaint against them for having wilfully burned, to the night time, the dwelling-house of William
Widgery, Ele, of New-Gloucetter.

NORTHAMPTON, September 1. Maranings seaful any part of the public proceed-ings will shortly be done away, when the delegates shall have returned to their respective states, and the public are fully informed of the motives which actu-ated their conduct.

All public bodies, whose duty it is to deliberate, will All public bodies, whole days it is to deliberate, will move flow, and every nation has more to fact from pallon and eaths flafm burrying their reprefeatatives into errors, than from ever-cation which, will walle only time. Aft a party-man why has Congress been so long occupied in founding the dehr. Perhaps he will fay, because the flate debrs were crowded in.—Alk another, he will fay because opposition was made to afforming the flate debrs. A moderate man of no party will answer, that business was delayed, because the combines could not access the will flay be done. If members could not agree how it should be done. If the advocates for the flate debts would have joined the opponents of the meafor, they might have faithed the whole in a week. The like would have happened if all the members had agreed to the aftenption. But did the members use more argument for and againf the meafore, and did they perferrer in the fupport of their respective opinions with more zeal and industry than the different classe of the citizens defired, and had a just right to require of them? The public has been divided as well and perhaps as much as the memjust right to require of them? The public has been di-vided as well and perhaps as much as the mem-hers. Each man feems to have become anary because these who opposed his opinious would page field, and not because his représentative perferved in trying to pertuade him to do it. He would have been more stiplicated had be found no impoort, or a faint one gir-en in Congress to the great mediates which have call-up all his particulum. The (efficiency has been a period of first man and the provided him to the con-pact of first man and the provided him to the conen in Congrels to the great mealures which have callup all his particulum. The felloon last note, been a
period of leifore.—As the great fullyelts of contention
are now fettled, and a folkindsition is laid for union, energy, and public credit, there will be left reason for delay to fature.—Weare just beginning to all as a narion. Bofinefs will flow, the principle of a si anrion. Bofinefs will flow, the principle of a si anrion. The biffinefs of Congress has been in the highest dearee difficult. The entire buffines of a difference

The butiness of Congress has been in the highest de-gree difficult. The entire butiness of a distribution was has been to fettle. A great doch existing in vari-ous surricate forms, has been new modified, and the onsing the forms, has been new modified, and the terms of a new han agreed upon. Exemine funds

have been provided. The public anxiety has proved the difficulty and importance of this part of their la-hour. Provision has been made for feeling the ac-counts between the United States and the Individual flatter. If was furcisen that this would proce an em-barroling fuljed; and these who know how much jealoufy was entersained so this account, and how un-pay well informed persons have despaired of its being donest all, will wonder that it has been accomplished. done at all, will wonder that it has been accomplifted. Though Congrets is charged with fudering: faction; the progrets and facers of this great operation is evidence that the first of conciliation is not abfolutely an inhed from Federal Hall. The controverfice about the flate debts, the quaker memorial, and the frat of government have been carried on with actimpony. However, it is in the highest degree pleasing to fee the appearance of harmony, which feams to have returned at the end of the sition.—Many appechended that it would never return.—Perhaps befine in never proceeded in Congrets more fineably that at has of late. Allthough the very difficult effairs of this fellion, the most important in the civil history of the Union, have any important in the civil history of the Union, have not bern transfeled in the time, nor in the manner many carnelly defined, it is to be hoped that the public apprehenious and jealousies will tubbide, and that all good men will cultivate that national spirit which distincted for a 1. director the first section. This country wants nothing but a wise and energetic administration of its government, to become the happiest in the world—his the harpinest we have just can be to expect as a people, will be haltened in its propriet for inferenced indegree by cherishing that love for the Union, and that mutual good will which made us a variety. These who are industrious to sow discord ought to be discounted. important in the civil hiftery of the Union, have and

are industrious to four discord ought to be discounte-nanced.
