canala." "Sir, "is too fire for you—you know my protession—deliver." He drew back, I caught his bridle with one hash, pedented a pital with the other, and fails, "Deliver, or I il wool your perridge." He handed mice a part of 8 jouiness, and a gold watch wall, used at 50k feeting. To compleat the iniquity, and exhibit the extent of my villator, I case took a prayer—back from my vocker, and ordered him to favor upon the falenticty of God's word, that he would make no difference in swelve hours? The took the east 1 quitted different in twelve hours : the took the oath : I quitted discovery in twelve hours? the took the oath 1 quitted him, and heard nothing of the nauter till the next meraling about 10 o'clock, when I faw a particular detail of the trenfaction in the new-papers.

Liverprod was my next flage. Here I tarried two days making observations for evening deveatures. On the night of the fedond dayl robbed Thomas Reves of orginess and a good wasch worth about and developed the particular of t

the night of the feeding any robust 30l. fterling. 6 guineas, and a grid watch worth about 30l. fterling. To infult him in his diffress, attercommitting the fatt, 1 pulled off my hat, made a low how, with the nim good I pulled off my hat, made a low how, wither nim good taight, and fat out for Laucalter in company with the flage. It necessed to me, that iding as a guard to the flage, would fecure me againft folicion. Accordingly I accompanied it to Laucalter, and there put up at the "Swan and two necks." Here I continued three days, waiting a flaorable opportunity to exercife my profession. On the third evening at \$ o'clock, I flopped a Col. Pritchard, took from hum a gold watch valued at 44 gatiness, a partie of 30 ginness, 3 gold rings, and a pair of knee-buckles worthabour 61. The knee-buckles apropared fo tempting, I told Pritchard, I could not as old taking them. At 110 clock I left Lancalter, and having rode about one mile from town, I topped, pulled off my hat, and bid them "good-bye."

and having rode about one main room owing the popular of my hat, and bid them "good-bye."

My course was now for Manchester, where I put up for alsout 24 hours at the "bull's-head," The evening following, about 11 miles from Manchester, I "touchfor around a doubt it rolles from Mancheker, I "touched" a Quaker. It was nearly 9 o'clock when I met him. I enquired if he was out a triat or ride alone. He answered. No. I aked him his rehigion; he ryplied. I am a Friend. I observed, "You are the very man I was hooking for—you mult deliver your money." He feemed very oun-ling, and faid, "I hou art very lard with me." I replied," you melt not triba me. He then gave me his plain gold watch, 6 guineas, and four bank notes of zol, each. I then pretented a prayer-bock, and demanded an oath that he would make no differency in 5 hours. He refued an oath, alledging that it was contrary to his religion, but, gave his word that my request hould be complied with. I then diffmiffed him, returning the bank notes, and took a citylious rough for Lundon. The guineas which I had miffed him, returning the bank notes, and took a circuitous true for Lundon. The gueness which I seld-behanded in this jamel, I concealed and carried in the foles of my boots, which were ediculated for that purpole, and effectually andwered it. The mare which I true as a trained for the business; the would put her the little was trained for the business; the would put her tiode was trained for the bulinefs: the would put her brad in at a coach window with the utmok eare, and fland like a back againff any thing. She would ravel allo with furprizing speed. Upon my arrival at Har-rison's, (having been gone eleven days) I gave a faith-ful narrative of my transfections, and produced the plan-der as undeniable proof. I never thall forger with what py I was received. The house rang with the passics of Muntain. An elevant furper, was providprairies of Mountain. An elegant supper was provided, and he placed at the head of the table. Norwith flanding the darkness of his complexion, he was com-plemented as the first of his profession, and qualified for

plemented as the first of his proficition, and qualified for the most darine enterprize.

Farigued with furth a jount, and fearing left too frequent adventures might expore me, I determined outrying a while at home. My horfs was given to a nother, and he directed to feek for prey. After one month's ableace he returned with only 16 gainess, and was treated accordingly by the gang. He was inadequate to the buffuels, and was therefore ordered to rarry at home, just to vifit the play-houles, & foary it among people who might easily be chouled of their property. Each took his tour of days in courfe; fome furceeded; others, from militoruche or want of fynit, were dilgrated. One young fellow of the party was about this time-free and included the strength of the strength of the former and of the strength of the former and occurred. He made no discovery, the were difgraced. One young tellow of the party was about this time 3-texted at Golfondia Surry, tried, condemned and executed. He made no difcovery, tho we all treatbled. A plan was now in agitation to difpatch two or three of the gang to Portinouth, to attack fome of the navy (fifters: If was finally adopted, and one Billy Coats a Londoner, and Moontain were feledied as the most further for the mounted our horfes on the uext morning, and reached Portfinouth that day, a distance of more than yo miles. We took lodgings as an inn. kept by a rich old miler. We were foun convinced that he had eath in plenty, and that it "was our dury togget it;" but the difficulty was what plan fibruil be concerted. At Length, a firstangem which was deeplysial and fainfulful gerecuted, we plandered the old man's house of about 300 guineas, and 50 flerting in fullings and fire pences. There was a very gettat clamour raifed the next morning. The 50l. Herling in Billings and hr. pences. There was a very getax clamour railed the next morning. The higher was furrounded with the populate. The old fellow was raving at a great rate for his lofs of the mental was a fpechater of this collection, and now perfectly remember the chargin of the old man and his wife. We remained at Portforouth two days, and then returned remained at Portfm t. London richly laden, and received the appl praved beast execute.

(To be continued.)

By a genternan who strived from Paris on Monday night lail, we are informed, that the many the many the many the many the many the many than the many than the many that the many than the man night last, we are informed, that the marine officers of thatkingdom, in a body, have refused afting in case of a war with England. This refusal is generally on to mile from an idea, that fuch a circumfrance

known to affect to an idea, that furn a circummance would be favorable to a counter revolution.

OUTOBER, 16.

Many persons are fill seriously of opinion that there will be no war. But did ever any man prepare a large and fumptuous banquet, who did not exped guests to partake? The citizens of London can answer the ques-

ion.

It has been remarked by the politicism of Spain, that the key of the garrifon of Gibraltar was only to be found at Jamaica; and if the Sprainers could politic themselves of that island England would gladly give up

the Rock in exchange.

Wednesday evening, as a naval officer was passing reconcions evening, as a naral officer was paffing a couple of Hibermans in Fleet-fireet, with a crape round but arm, Paddy, fays one to the other, why does that gentleman wear that black thing round. his arm?" He has put his arm in mounting." faid the other, "because it is tied up form threshing the Spaniards."

The Female Commandant.

The inhabitants of Mormant in France, had offered the command o their National Guards to M. de Beth-afy, who declined accepting it. His aunt, however, Madam de Moulins, though fixty years of age, was pollefied of more military ambition; file actually wrote to the inhabitants of the town, to make an offer of her fervice as commandant of their Guards, with liberty to name another of her nephews as her inceeffor if neceffary. Her offer was eagerly accepted; and the was foon afterwards received at Mormant with the most bril-Just hoors. In return, the gare her conditions as most fumprouse dinner of more than 500 differs, at which the prefided, with a national cockade in her hat, and a fword by her fide! In the creating, a ball

CHAMBERSBURG, November 18.

CHAMBERSBURG, November 18.

On Saturday evening laft, a dwelling-house, the property of Mathew Wilson, Elqu about 5 miles from this town, was consumed by fire. A bound 51th, about eleven years of 19ge, being sinjected of having fer fare to the house on purpose, was on Monday lat brought before two magistrates; where the acceptage ledged that the had took a coal tolding and carried hope to the fecconditory of the hande, and put it mong from from the conditory of the hande, and put it mong from from the condition of the hande, and put it money for the house was too the about winding his quills, and that fine was not adviced to do it by any person. She was committed to gool. gzol.

PHILADELPHIA, Dec. 9.
Mooday last being the day appointed for the meeting of the National Legislanne, in this city, now the feat of government of the United States, thirty-one members of the House of Reprefentative affembled in the Hall, in Chefmat-firest, which number not being the Hall in the Hall of th fufficient to conflitute a quorum, they adjourned to

Fifteen members of the Senate also assembled in the Senate Chamber, viz.

Members of the Senate.

Members of the Senate.

His Excellency the Vice Periodent.

Mr. Bondinot, of the joint commuter on me part of the House, reported that they had waited on the Pres, dent of the United States; and delivered the message of both Honfes.
The Prefident informed the committee that he would

meet the Worldown the Sente Chambes to most row at 12 o'clock.

WEDNISDAY, December 8,

The Prefident of the United States met both Hoofs of Congress in the Senate Chamber. He note to the the Federal hall in his coach, drawn dry four, hories preceded by his Aids, and accompanied by the Heads of Departments and his Secretary. After which be addressed both Houses as follows:

Fellow citizens of the Senate, and

Halfe of Reprintation.

In meeting you again I feel much fatisfaction, in baling able to repeat my congratulations on the teronable profpedia which continue to diffinguish. our public profpedia which continue to diffinguish. able prospects which continue to distinguish our pub-lick affairs; the abundant from of another year have bleffed our country with plenty and with the mans of fourifhing commerce.

The progress of publick credit is witnessed by a considerable rise of American stock, abroad 20 well as at home : and the revenues allotted for this and other

at home: and the revenues allotted for this and other, national purposes, have heen productive beyond the calculations by which they were regulated.

This latter circumdance is the more pleasing as it and only a proof of the fermility of our refources, but as it affures us of? Further increase of the national repetability and credit; and let me add, as it beam an honourable tellimony to the particular and integrity of the mercantile & marine part of our citizens, the pushuality of the former in discharging their engagement have been exemplary.

uality of the former in dicharging their engagement have been exemplary.

In conformity to the powers welled in me, by afts of the last fedion, along of three mellions of florin, toward, which fome pravisional measures had previously attemplace, has been completed in Holland, as well the centry with which it has been filled, as the nature of the term, (confidering the more than ordinary demand for horrowing, created by the futurion of Europeipire, a reasonable hope that the further execution of those powers may proceed with advantage and specific powers may proceed with advantage and specific in the previous security of the Treasury has my directions in communicate such further particulars as may be requisited for more precise information.

Since your last fession, I have received communications by which is apearance and diffried of Kennetry.

Since your halt effions, I have received consum-crains by which it apears that the diffrist of Keninky, at prefeat though a part of Virginia, has concurred in certain propositions centained in a law of that star, is confequence of which, the district is not become diffill member of the least on in case the requisite function of em-gress be added; for this fandious, application is now mady. It hall cause the papers on this important transfision to be laid before you. The liberality of harmony with which in has been conducted will be found to do prest hasout to both the parties, and the fentiments of warm study-ment to the union and its verient government, expinment to the union and its prefent government, expen-ed by our fellow citizens of Kentucky, cannot fall to add an affectionate concern for their particular welfar

ed by our fellow citizens of Kentucky, cannot full o
add an affectionate concert for their particular relies
to the great national imperfitions under which yes aid
decide on the cafe fubmitted to you.

It has been heretofuc known to Congress that frequent incursions have been made, on our frontier fedements, by certain bandist of Indians, from the nonlwell fide of the Ohio. These, with some of the thindwelling on or near the Walsash, have of last been
particularly active in their depredations, and being enboddened by the imposity of their crimes, and sidel
hy such and of the neighboring cribes as could before
duced to join in their helitities, or assembly the contreat for their prisoners and plunder, they have, instead
of listenings to the humane invitations and ormans
made on the part of the United States, renewed their
violences with fresh alarrity and greater effet. The
lives of a number of relauble civizens have thus it
factificed, and some of them under circumsance pecultury shocking; which others have been correlate
a deplorable captivity.—These aggravated persontions rendered it essential to the safety of the widers
festiments, that the government of the Union is at
less expalle of pounthing their crimes, than it is diffeent or respect their rights, and reward their attachment.
As this object could not be effected by defensive unforce, it became needifyry to put in longer the ast which
