really and truly such as man ought to be, in thought, word and deed.

ord and deed. The facred Scriptures are to be the flindy of you lives; nor let it be thought an employment beneath a gentleman. Newton, Locke, and the most eminent Philosophers fludied and wrote commentaries on them. Philosophers findied and wrote commentation on them. It is a mark of vanity to freak lightly of revelation; nor to admire those smitters and sublime books theware want of title in fine writing, as well as of real judgment in discreting truth. And here let me causion, you never to ridicule whatever may be field facered by any deroot and judicious man.—If you cannot join with him, at leaft do not diffush him by your irrever-

Young gentlemen, it is your good fortune to on life in a country peculiarly favoured by the bounte-ous hand of Nature, and bleffed with the best government in the world. Your education diffinge ment in the world. Your education distinguishes you among your fellows; the eyes of many are fixed on you. Your parents and friends, have, no doubt, the most flattering hopes of your future eminence; de not disposint hem. The patrons of this College also feel a peculiar interest in your prosperity, let me entreat you, therefore, as you clicem your friends, as you respect the place of your education, resolve to sell your parvial life well, and may Heaven strengthen you with grace

to do. The day is at hand when all of us, whether young or old now, mult appear and give an account of our con-duct before the Creator and Governour of the worlddust before the Creator and Governous of the world—
"that is the day of days, the impartant day—as the Poet
fay—for bothic all days were made." Time, with all
its concerns and enjoyments, will then vanish from
our case grafup—Eternity will then commence—and a
falenn Centralenaet will that be—your worthy frefrient has gone before you—If-you loved him, or if
you errolvey postfelres, let me in the most earnest and
follown manner, call on you to recolledt, and imprint
on your monory, his mous case over you—his faithful admonitions, and his amisthe example, and in
prepare to follow him.

In behalf of the Corporation,

Young Gentlemen,

Young Gentlemen, I bid you FAREWELL.

[The following is a copy of the letters found in the pockets of JAMES SUTHERLAND, Etq. whose fuicide was mentioned under the London head some time funct, JK was inclosed in one directed to the Country who should take an inquest on his body.] body-1 /

To the Kind, "SIRE,

"SIRE,
"In the moment that my heart's blood is leaving it,
I expects my forrow, that you have allowed yourfelf to
be imported apon, and that you finall full perfit in retaining facts prejudices against me. With finited,
may addrafted you and your Miniflers. Allegismes
and protection are constitutionally reciprucal, and as
the former was never forsiken by me, I had a right to
expect that you would afford the latter. The idea of
the latter described by the latter of the lat a flake being driven through my bedy, has not terrour to make me with, that the act which I now perform should be considered in any other light but that of deliberate

be consistend in any other light hat that of deliberate realising,

"Infixed of going abroad (the means of which were not left me!) have long intended to thoot myfelf. I did not merit degradation; my conficience tald in El was entitled to booon, favor and reward, I forgive General Morray, but cannot cofif, even at this time, the wish I have to fet your Majethy right with region myfelf. The subjoined extract will sufficiently extended to myfelf. The subjoined extract will sufficiently exto myfelf. The fubjoined extract will fufficiently ex-plain to your Majetty my innocence. Parliament ac-cepted the petition of General Murzay, but repeatedly three out mine; For the filern commands of perogative were obliged to yield to the milder ones of indeance. "Let me recommend, Sire, to you to collect the letters written by me to Mr. Stephens of the Admiral-ty; you will there fee the abufe of authority and irre-gularity of Gent. I did not at that time

sy ; you will nevertee the abundor state in the goldenty of Gen ______. I did not at that time know that none should refide in the island of Minorea, but fuch as pleased the General — But I was wilting

know that note mouth renter the man in minore, how for he spleafed the General.—But I was willing to factifice every thing but justice, and honor to keep him quiet. At this inflance I filled up hot one commission instead of two, for two privateers to cruize regains the two flates we were then at war with, by which I was some handreds of pounds out of pocket,

"I had long determined that my disclusion should take place in the fame manner and on the same for that place in the fame manner and on the same for that place in the fame manner and on the same for that place in the fame manner and on the same for that place in the fame manner and on the same for that place in the fame manner and on the same for that place in the fame my hard case fasil be published, how will the world be fauddered to heat, that humanity had deprived me of every resource but death, "Yet in the midd for my misfortness." I substribe myself, your Majesty's loyal subject,

Mr. Lawrence mades motion in writing to this click; that to morrow he should move that a committee be appointed to bring in a bill for regulating the confine grade, and for other purpose, which was known that table.

On position ordered that the alart of this law to the confine grade, and for other purpose, which was known that table.

e table. On motion ordered that the clerk of this house de cause the members to be semished during the present session, with three news-papers, such as they shall chuse,

feliana, with tures ourse party man as may men a sur-Mr. Giles prefeated the petition of William White-lock, late a committary of millitary flores, praying a feltlement of his accounts which was read and refer-red to the Secretary of the Tracfury.

On motion a committee of feven members was ap-

ed to determine contelled elections. Adjourned natilto-morrow morning ra o'clock,

The foate met parliant to adjournment.
The foater had before the house a letter from the Scentrary of the directors of the library company of Philadelphia, making an offer of the books, in faid library for the use of both bunefu of Congrefa, which was read and ordered to lie on the table.

Mr. Schreiber unfermed a section from John Vessel.

read and ordered to lie on the table.

Mr. Sylvefler, prefented a petition from John Young love, late a major in the fervice of the United States love, late a major in the fervice of the United States. love, late a major in the fervice of the United States, relative to a persion allowed him by the late Congress. Also a countee petition, from fundry inhabitants of the counties of Albany, Wathington, Rafelear, and Statatoga in the state of New-York, remonstrating a gainst the allowance of faid penson, both which were read, and with the papers accompanying the sum were referred to the Secretary at war.

A number of petitions were preferred to the hoofs and were read, which were referred to the heads of departments, and to felest committees, to report therron.

Mr. Maddison from the committee appointed for that numed remorals and defect in a flower referred.

Mr. Maddifun from the committees, to report therron.

The committee appointed for that purpole reported an address in answer to the Preference and a first and a fert a fert and a fert a fert and a fert and a fert a fert and a fert a fert and a fert and a fert a

addrefs without any amendment, which was accepted and agreed to by the house. Wheretopon refolved, That the speaker attended by the members, of the house, do prefent faild addrefs to the Prefident of the United States: And that Mr. Madifon, Mr. Lewrence and Mr. Smith, wait on the Pre fident to know when and where he will receive faid ad

drefs.

A meffage was received from the Prefident of the U-nited States by the Secretary for the department of war, A mellage was received from the Prefident of the United States by the Secretary for the department of war, accompanied with reports from Brigader GeneralScore, and Lieut. Col. commandant Wilkinson, commanders on an expedition against the Indian, which were ordered to lie on the table.

Mr. Firstmans prefented a petition from a committee of a number of poblic credition who leamed money, for the use of the United States in the years, 1777 and 1778, which was read and ordered to lie on the table.

The petition of Charles Heady of South Carolina, was prefented to the books, seeing forth that he has invented and is about confirsting a machine for the cleaning of rice, and praying that magazing may be taken to

be observed by the present House, datil a revision of the rules and orders shall take place, which, was read a spreed to by the House. A mellinge was received from the President of the United States by Mr. Lear his Secretary, communicating cersus often of the Guidannes of the United States to know when and where he would receive the address of the house of Representatives in the United States, received by him during the receive which Iconreto bim the benefit of Jaid meethod, which was resid and referred to the ferreary at war.

The committee appointed to wait on the Prefident of the UnitedStates to know when and where he would receive the address of the house of Repreferatives in answer to his speech, reported that they had waited on the Prefident and received for answer, that to morrow the Prefident and received for answer, that to morrow the Prefident and received for answer, that to morrow the Prefident and received for answer. at twelve o'clock at his own house he would receive

ud address. Adjourned till to-morrow at 11 o'clock,

Friday, October 28.

On motion of Mr. Lawrence, a committee was appointed to bring in a bill or bills for registering things or vessels, and regulating those conjoyed in the coaling trade and filleries.

Parsonat to a refolution passed pessently, Mr. Speaker, areaded by the members, repaired to the President boute, and prefessed him the following address, in answer to his speech to both Houses.

(were to his speech to both Houses.)

I R.

I Ni tectiving your addressure the opening of the preleast festion, the House of Representative have takeras anyple stars in the stepling sinspired by the shift all prosperity and finitering prospects of our country; and whilst, with becoming gratitate to Heaving, we alreite
this happines to the true fource from which it shows, we should with animating pleasure, the degree in which
the conditionion and laws of the United States have then
informmental in dispensing it.

It yields as particular farisfiction to learn the facceft with which the different important mensions of the
government have proceeded, as well shall specially provided for at the last festion, as those of preceding date.

The fafery of our Welten Evoluters, in which the

Fided for at the last feffion, as those of preceding date.

The fafety of our Western Eronditure, in which the lives and repose of so many of our follow critices are involved, being peculiarly interesting, your communications on that subject are proportionably grateful to us. The gallantry and good conduct of the military-whose ferrivices were called for, is an honourary confirmation of the efficacy of that previous resource of a fine flue: & we auxiliary with, that the consequences of their face-fessel enterprizes, and of the other proceedings to which you have referred, may leave the United States free to pursue the booth percent policy towards. States free to purfue the most benevalent policy towards the unhappy and deluded race of people in outpough-bourhood.

bourhood.

The amount of the population of the United States, determined by the returns of the centur, is a fource of the most pleasing reflections, whether it is viewed in ealstion to our national factor and respectability, or a a proof of that felicity in the fituation of our country, which favours fo unexampled a rapidity in its growth-nor ought any to be infentible to the additional motively fogge-field by this important fact, to perpentate the free government, chablished with a wife administration of it,

government, chablished with a wife administration of its a position of the earth which promises such an excercate of the number which is to enjoy their blefings within the limits of the United States.

We shall remain the shall the reflect date in your particular recommisted to as by our fellow citizent, to take time consideration the various and important matters falling within the prefent fellow. And in dictalling a deciding each, we finall feel every disposition; while we are particular the public welfare, which must be the further production of the contract of the shall be shall be the further production. actioning catas, we man receivery chipoliton, whilt we are particing the public welfare, which night be the fu-preme object with all our conflictions, to accommodate, as far as politible, the means of attaining it to the fenti-ments and withen of every part of them.

Anfewer of the Prefident to the foregoing Address.

Gendemen,
Gendemen,
THE pleasured derive from an affurance of your attended to the object of the program of the particularly in those which may be required on my part for executing the falctary measures. I articipate from

for excessing the faltery mealures. I attempate from your prefeat deliberations.

GEO. WASHINGTON.

Mr. Speaker and the members then returned to the House, where the Frendean's triply was read.

PETERSBURGH, (Roffis) August c. PETERSBURGH, [Roma], August 5.
Field Mathal Potenpicin, whose departure has beralong announced, is at length fet out the day before yelterday, to put himself at the head of the army agenththe Tarks. He has been followed by the greatest part
of the officers who have had leave of ableace. Their departure proves that the intention of our court, is in keep up its measures, to the conclusion of the Armi-

GLASGOW, August a final gold coin, of the Emperor Novo, a great cariolity to rea antiquation, being upwards of 1700 years old. It was found in a field by a countryman while digging up

potances.

WINDSOR, Oftober 26.

WINDSOR, Oftober 26.

We hear from Woodfock, that on Monday night Irft, between the hour of ten and eleven, the new Court-house In that place, was differented to be, on fare in the paper I far. Speedy additionare was afforded in order to extragulify the flames, but to no effect it was entirely confuned in a flort space of time. In what manure the fire was communicated to the hardening, we are not able to afceroias; but I dualutable it is, that it may have been done parpofely, by fone maircions villing, refiding in the county. We truth the public in general will not be deficient in fearthing out the perpeture of feaths thack transfathor, and dealing with in 21 the law directs.

The General Affendby pafed a Resolve on yelter-flay afternoon, recommending to the Governor, and

day afterooo, recommending to the Gorenor, and Connell, to iffue sher proclamation of ring 2 reward of fire builted dellars for apprehending the perpetuators of the above deed:

BOSTON, Nov. 5.
Further particulars of the Hippaniola infur particulars of the series for the se

"Since my 1sh, about 700, mea, under the command of M. de Toulard, were endered to penetrate in the country as far at Lemands. They croffed the ferry, on the mjehr of the 17th, and penetrated in the country as far at Lemands. They croffed the ferry, on the mjehr of the 17th, and penetrated in Devit each. On the moming of the 18th, the main body advanced towards the Quartier Maurine. Several parties of the blacks were frem in Surny, and many of them near the samp. The advanced guard of day goons were attacked from the care pieces and hedges, though without left, and the troops were all builted at Charine. A reconnottering party, confiding of about 80 daysoos, headed by M. de Toulard, explored the neighbouring effates, and were returning, when they were unpried by a body of thenemy, "ausin pin the main road, confishing of about 300, one third mount-cal, and fippopred in front by a 12th pounder and two feville. The commander in chief gave immediate order to CHARGE, and this little hand advanced full speed, with the med determined bravery, within 20 yards of their comous when they received a momentary check, by the difehange of the pieces, which being leaded—shout for were cost to pieces, and the fittle of the pieces, and the reflect of the pieces, which he and the cost of the pieces, which he are the pieces and the fitted and advanced for the pieces, and the fittle of the pieces. bers enfact - about too were cut to pures, and the trifttook rafige in the cases.—Several of our hories were loft, but to the affordiment of every body, not a

man was killed. The main braly of the army lodged at Dupls, and the next morning proceeded towards Leonousde. On their resurs they stacked Bollet, where the enemy were summerous and supported by five neces of campon.—The affairst Dupls, however, held to tickened them, that it was estried without any loft. How many of the fugative were flain, we cannot always the state of the stat man was killed. The main braly of the army lodged

or trepsatters are at Doodon have been recently created by the blacks.

"A reconnoticeing party of dragonos in the neighborhood of oer camp at Hunde Cap, fell in with a band of the enemy a few days pall—they appeared to with a conference, and proposed a momentary reliation of hof-litties.—They were alred, 4 What-were their delips? (What could have induced the mranges they had committed? And finally,; What were their experience—it was observed in return, that a grant of that nature was impossible, but that if they had any particular abuses to complain of they would endoubted. It have done to the complain of they would and obtain the work of the many particular abuses to complain of they would and others down their alms.—They fuggested an apprehension, that they had proceeded the far to expect a favourable reception—Thensiers of the party rapited, that if they would meet him at a certain read errous, he would engage to bring them the parton of the General, on condition of obselicate to their maliera. The affiguration was facel, and, at the suppointed hour feveral copies of a proclamation promitting them for givenes were delivered to the party—The art; day was appointed for their reply, and they pared with moutal allurance that no violence thould be officer in ordine on their return.—Eight dragonas were dispatched for their answer—should be officer in cities on their return.—Eight dragonas were dispatched to the party—The next day was appointed for their answer—should be officer in cities on their return.—Eight dragonas were dispatched to the party—the next day were affected and the potential on the party of the party

cithe fale were hird by a perfidious band—the unfaitpetting detachment advanced—there new were tilled
on the fapt—two captured, and the other three hap
pilly eleaped to the camp at Hant of Cap.

"Fifteen hundred troops yellerday morning at three
o'clock, were detached from him da Cap and Perit
ante, with eight pieces of canons—they directed their
march toward Gallifant, where the enemy had effatlithed their grand camp. At five o'clock, a heavy casnousde commerced, and in a few minutes the cavally,
and a principal packed their family, were it quiet polfeliuon of this territies, begieve, the bundith flew
without any other refinance than a difcharge of their
canona. So precipitate watcher flight, and to great
the terroul canded by the artillery, that linte or no good
effect was produced by this long premediated fortie.
About 100 were killed, and a number of women and
children taken. We had only one man wounded.
Eight or tep whites were relieved from captivity, and
many valuable effects brought off by the troops—The
tree dragrooms beforementioned were found with their
thrists cut—they were brought out, and facilized on
the approach of the army.

"An attempt will be made to reduce the inforgantat Limbe and Le Cal. The frigate will go round into
the Bay, at the fams time. If we receive freedy at
fillner from Leward, or Marticipie, it is probable
the buffens will be from terminated. With the fevtroops now here, it mid comings, until feme fitcoon
