Saturday, Feb. 4.

Ordered, That the Treasurer be, and he is hereby authorized to receive of Prince West, on his bond to the Treasurer for the stop of f. 223, 3/1 cod. in consolidated notes of this Communwealth, now lying in the hands of John Bacon, Esq. in payments of faid bond; and also that the Treasurer in like manners because of the first prince West, she remainded to receive of the first Prince West, she remainder of the sun but on his first bond remainder as it is a superior of the first benefit of th co to receive or and two rence week, the remainder of the fundue on his faid bond, amounting as it, to faid, to f. 13 f. 8st with interest thereofs, from the fift days of February corrent, in notes of the afore-faid defeription, provided the same shall be paid by the fift day of June next.

Monday, Feb. 6.

The order of the day being called for, the fecond reading of the bill to incorporate the Toptine cameon, which was read in paragraphs, and after alleoghy debaseon the metits of the Bill, Mr. Bacoo, and Mr. Felfenden being oppoted; and Dr. Jarvis, Mr. Sewill, Mr. Wedgey, and others in favor, it pulled to have a third reading tomorrow, 3 o'clock, P. M.

a third reading tomorrow; 3 o'clock, P. M.

The report of the Committee on the fulsiof to flanding the debt of this Commonwealth, was taken up in the Houte, and the confideration of it referred to the next fellion of the General Court.

According to allignment the Bill to incorporate the Tontine Afficiation had a third reading—on which the merits of the Bill was again combated by Mr. Parons, Mr. Daries, and Mr. Bacon, shocated by a great onmber of the Members in every quarter of the Hopfe, and at eight o'clock the quellion was pat, shall the bill pair, which was determined by Yeas and Nays.

Teas 8.—Nayty:

Wednefday, Feb. 8.

An engroffed bill effablishing an academy in the town of Fryeburg, having had timer feveraa readings, passed to be consider.

A committee was appointed to take into consideration the property of illning a Tax the present sellion,

and report.

The Committee on the petition of the Propileton of the Dack Manufathur, reported a refule for continuing the bounty on Duck and Twine, until the fifth of July, 17033

Therday, F.b. 9.

The amendments of the Senare to the bill, inquiring into ratible, ediates, within the Commonwealth, were taken into confideration; and that is first enterwide reasons one concurred; 96 against concurring, and 33 in favor.

A report of the committee to, inquire into the practicibility of cutting a Navigable Canal, between Barefalble and Bareard's Bay, was recurred from the Senate, and land on the table.

Friday. Feb 10.

Friday. Feb 10.

The attention of the hoofe was principally taken up in debating on the report of a Committee on the fublicit of building a bridge over Merrimack river; and the report of another Committee, on the fubject of a feparation of the Dight of Maire, from this Commonwealth, the confideration of the latter is poliponed until tomorrow.

The committee on the petition of Lyman Taft and others, praying for leave to build a bridge over Connecticut River, at Montague, reported verbally, that the petitioners have leave to bring in a built for the purpose prayed for.

Monday, Feb. 13.

Monday, ren. 13.

The House proceeded to the further confideration of the question, whether a northcarion should iffue to the destrict of Maine, for afternating the saide of the the destinct of Matter, or atternating the tease of inhabitants relative to a feparation, and after debate, it was determined in the affirmative—111 voters 84 in favor of notifying.

Twefday, Feb. 14:

The committee raifed to rike into confideration the propriety of iffuing a tax the prefent fellon, reported verbally that it was not expedient.

The report was advocated by Meffri, Breck, Jarvis, Euflis, Steams, and other gentlemen—The profield of the affumption of our state debts, the hardform from of money in the treafury, and the, fill greater from due to the commonwealth, were infifted on as arguments not only against the isk, but as proofs, that we should have breather in the State but very finall affestiments indeed; and that the time was fift, arriving when the good people of this Commonwealth, wherever sinated, will empty all the blessings of peace and transquility, with but very little expeace to them.

The report was objected to by Messia Bacon, Gardinet, Cony and Parson, but this last genaleman altered his opinion, upon hearing the reasons streed in favor of it. The house accepted the report by a large majority.

Werinesday, Feb. 15.

Weinelday, Feb. 15.

Mell's Peirce, Tudor and Bood were appointed a committee to take into confideration the expediency of giving a bounty to that person who will make a model of the best and simplest construction for the expediting the breaking and swindling Flar and Hemp, to go either by water or hand, for the benefit of the publish.

TONTINE.
Yefterday oftentions the half for incorporating the Tontine Affociation, had a ferond reading to the feature, when after confiderable photon, it was determined, that the committee of the Affociation, flouid have a hearing on the floor of the Senate, this day, at ten

o'clock.

The Houle of Representatives, on Toelday last, madechoice of the Rev. David Tappan of Newborn, to preach the Service, at the next appeal election.

P. A. R. I. S. October 13—20.

The public were long face informed that the Abbe Rayal had undertaken to write the hiltory for the re-tocation of the edicit of Natus. The work was, pre-tocation of the child of Natus.

The public were long fince informed that the Abbe Raynal had undertaken to write the hillory fof the retocation of the edid for Natus. The work way, previous to the revolution, already in confiderable forwardenis, but was furprefied though the hilbest and
threat of the artificeratic party. We may date the
Abbest deplorable apollatis from theitine he confented
to the furprefilion of this work. He has been publicly upbraided with the bate detertion of the principles,
but as yet, has made to reply or defence.

It is the liberty of the peris only that earn preferve to
use the hellings of the revolution. Printinghouse are
much more elfold than parish churches; and if this
country, ever funds forthapollies (as religing did in day
of yore) or if we have wealthy characterishmong, us,
who know not what elfor to do with their money, letthem build printingolieres, as they formerly did chapels. Their will manually produce a race of philofophers win will different the knowledge of our
free versitation throughous the globe.

Christity has induced many of our, countrymen to
travel through the United States of America. Amongst
their, months has given for entertaining and, we are inclined to believe. To joil sea account of the cinnity and
inhabitation; as Mt. 19. Briffort, who tiffeed her United-Sones in 1788. His work is contained in three
ochary chumes, the following extracts from which will
give or reader, tome idea of his masuer, "Bellom
(fish he) may be called Salenton; We here neet
with a number of celebrated characters in the American
flory; here we obferre the mod perferring indulty in
a variety of pursitis; no contemptible alwancement of
the aits and felence; and honed: fimplicity of manners, which do stall honor to the Boltomhan.—In travelling from Boston to New York they fatigue of my
journey was well repaid by the auticular value of they
provide and rividets, ferving to water meadows recentsty finatched from the graph of uncerlivated nature, and
every where, elegab and "comfortable hones feat

girled near the root, jind confequently ready to fall by the first rooten blast. All thefe bjests, to new to European eyes, throughly ablabed only attention, we it were in an agreeable vision. The immensity of the forests, together, with the thirkness and produgious height of trees, recalled to my, aind, the time when the country was wholly inhabited by favigre.—This very tree failed I, as I passed under an 'aged oal) this very tree has beheld those fons of namer, when they ranged through the forests. There retains not one of them; they have given way to a apoter generation of men! Thehashandman, however, fiven longer indicated offseit congrante, his unaster, when his times pass to feel the tree retains not one of them; they have given wanter, when his times pass to he kept by his fide when he was employed in time 1 he kept by his fide when he was employed in trial labors, more hangs neglected in his heade. Simulad into middle of these extensive forests; and having only his wife and children about him, he steeps and good through his daily told in festers. I he is therefore strong principally told in festers, the it is therefore him, privately and it is my real opinion, that 'if hippiness is to be found on this cartest (that happiness which man private and ambition have problem; when human private and ambition have problem; when the middle gene of extraogent hope; (festive) of the inabitant depending tolesy on himself and the little carelearound him.

Striking off the eatward, I visited Rhould fined. The

general and the first carely and the first carely around him.

Striking off the eafward, I visited Rhodeffind. The profect of that the rivie, to agreeable as could be withed. The hundred effect of caper money, and want of public I aithure here departed in every countenance, and visible to the fuperficial observer. My mind, however, and with flome confolation when, in proceedings foithwellward, I contemplated the professor function of New York and Philadelphia, which appeared to me to be owing to canife directly contrary to those which agives Rhodefined to fickly an affect.

Extrate of alter from distary, Jan. 15.

A very examordinary deception was a lew day from professor and an ending of the contraction with young legols, told him he would give him fix new dollars for three old ones—A bargain was, in consequence immediately furth. This was foon notifed about, and brough many people together, to trade with this extraordinary man for his new dollars for three old ones—A bargain to the old ones—A bargain was, in consequence immediately furth. This was foon notifed about, and brought many people together, to trade with this extraordinary man for his new dollars for the old ones—A bargain with this extraordinary man for his new dollars for the old ones—A bargain when the contraction with this extraordinary man for his new dollars for the old ones—A bargain with this extraordinary man for his new dollars for the old ones—A bargain to the old ones—A bargain with this extraordinary man for his new dollars for the old ones—A bargain to the old ones—A bargain with this extraordinary man for his new dollars for the old ones—A bargain the

ars; and he exchanged whis them to the and of fome hundred, all real good dollars; telling then the fame time that he coined the new dullars hints the fame time that he evided the new dulling hinds and that he made a great profit in give two for one, and that if they would familith him are any foun of old dollars, he would give the receipt they of an and is three weeks return to every one dopt the fam they had given him.—His coulset to infanced the people of Scholarie, that four of them may grad this faints to borrow mency, others fold of this portes and oxes, and, it is faid, a merchant advaced him eighty pounds; others fifty, twenty, ten, for, to the amount of about gool. He then here I a first and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display and gave the man a dollar for every fit miles to display the fit is a fit of the man a dollar for every fit miles to display the fit is a fit of the fit to the amount of about 500l. He then hired a flight and gave the man a dollar for every fix miles to doing him to the Hadding, wherewith to purchase the him to the Hadding, wherewith to purchase his dollar the state of the spothecaries, in order to make his dollar there is the first of the spothecaries, in order to make his dollar there is the fore peak, and the citizens of Scholania releft to repent, when too late, their unparalleled credibility."

Philadelphia, Jaii, 29, 1792.**

SIR,

To the letter of the 9th or November, which I had the home to address to you from Four-Washington, apollicity was added, relating to information commonicated by Capt. Slough to General Batter, and imparted by him to me, and that did not come to ray knowledge till ferral army set beck to that form. As the nature of the information was not mentioned the policity must have appared in prepared in the officing must have appared in prepared in the officing must have appared in prepared in the cover, and the information was not mentioned the policity must have appared in the cover, and the information was not of the letter, and to sit was a industed upon the cover, and the information in the policity of the letter, and the information in the property of the policity of the letter, and the information of Cot. Gilling would have inquired into it fully, and all antiquity would have inquired into it fully, and all antiquity would have inquired into it fully, and all antiquity would have cateful, but at the mament estimated by the interest of the real of the real

in the pofficing as not executed, were I hat be foould fend out from his command an hout at least before day and as much earlier as poffille, four or five parties of 20 men with an officer to each different directions, for so men with an officer to each different direction, for the purpole of making differencies. I was very sixua-cian this point, and not without fone doubt that if it right not be purchashly attended to; the Adjutan-General was therefore, about the dawn of day but re-ther before it, feet to Col. Oldman, that I might be certain of that precaution having been taken. Col. Oldbard was met by him as fone diffused from the examplent, and informed him the parties were not then gone out, but would be diffusedated the moment he re-funded.

Unhappily he never seturned. I have the honor to be;
Sir,
Your melt obedient fervert;

The honorable Major Gen. Knox, Screttary of War.

The honorable Major Gen. Knox.

Secretary of War.

The following is copied. from a Pitthurph worst of the 14th infanta— The whole amount of our galving men in the late engagement with the Indians was fourteen hondred men, out of which were killed in the field dicharded and fasty fix, and three hundred and thirty foor wounded. This is a true flatenant which was received from head quarter, and under good authority. It was expected and reported that Ges. Scott was to take the command of the militia from Kentucky, with what regulars there were at Fent Wathington. The millitia from the country of Colombia and adjacent fettlement turned out, and there exections gained them great applicate from Ges. Clair, but the Kentucky militia declined from Ges. The Control of the major of the granifon of the granifon of the expedition fell through.

"On Theffay, the 15th in Control of the granifon at For-Franklin, was forwarded by the coppiel fix, under a convoy of a number of volunteers from Wathington and this county commanded by Capt. Hugher—the that economy from for Fort Franklin came us hand un Saturday, the 7th inflatm.—There appears to be to further intelligence respecting the hultie lending, that we have already been published.

A confiderable mock of an Earthquake was felt at Quefree the 6th of December last.—A letter from Paul's By, to a petersatile house in that city, men that city, men and the property of the first of the property of the first of the property of the proper
