of the exportation of tanners' back. Referred to the imme committee to whom a fimiliar petition was referon from an occasion.

The report of the Committee, appointed to inchain

·

Mr. S. Bourne from the committee of entre presented to the Speaker the posicilize bill duly envol Adjourned.

Friday, Feb. 1c.

Sundry petitions were read and referred to the heads of departments.

Mr. Muhlenberg prefented a petition from the tentumers of Philadelphia, familiar to the netrition. ness of Philadelpha, Smiler to the petitions from the tan-ners of Philadelpha, Smiler to the petitions from the tanners of New-Jerfey and New York; a motion to refer this petition to the committee on the two last petitions, occasioned fame debute—the motion was a-

greed to.

On motion of Mr. Fitzfinom, the petition of C. and C. Marfinl was referred to the committee of the whole house on the subject of Manufactures.

The resolution, that the Secretary of State Lay before the house, copies of the acts and resolves, passed by the Governor and Judiciary of the Western Terri-

in committee of the whole on the bill relative to the election of a prefident and Vice prefident of the Unit-

ed States, &c.

Mr. Benfon's motion to infert the fenior Affociate
ladge, as the officer to fill the vacancy in the office of
Prefident and Vice, was negatived.

Mr. Giles's motion to infert the Secretary of State,
was then difcuffed, and, after fome debate, adopted—

was then discussed, and, and reported the bill, with the The committee role and reported the bill, with the amendments, to the house, which took I the fame into confideration. The first amendment was to finke out the first amendment was to fink the first amendment was the first amendment w the 9th fection, which provided that the Prefident the Senate protempore, should act as Prefident in case of vacancy—this amendment was agreed to—ayes 32

The fabilitate which provides that the vacancy (hall he filled by the Secretary of State for the time being, war also adopted—33 members rising in the affirma-

Several amendments in addition were pro Several annuments in southern were proposed from of which were differed to—One moved by Mr. Hillhoufe, to the number of electors, was differed until an adjournment was called for, and no decision

teologiace.

A include from the Senate informed the house that they have agreed to their amendments to the filtery bill. Adjourned until Monday.

Sketch of the Proceedings in the GENERAL COURT.

In SEKATE, February 16. In SEATE, February 16.

THE Bill for incorporating the Subferibers to the BOSTON TON TIME ASSOCIATION, fent up by the Hoa. House for concernence was read, a ferend time, and after debate the quefilon, thall the Bill pass to be engraded, was determined in the negative—Yeas, 13, Nays, 17.

FERUARY 18,
The Senate proceeded by ballot to the choice of a
Major General of the first, division of Militia in the Commonwealth, When

HENRY JACKSON, Esq.

HOUSE of REPRESENTATIVES.

THUESDAY, FIE. 16.

THE committee appointed to confider the propriety of continuing the act rendering procedin in law left expendire, reported a Bill for this purpose. Read the first time, and the prefeat time being affigued for the fecond reading, it wastead accordingly)

FRIDAY, FEB. 17.

FRIDAY, FEB. 17.

Agreeable to slignment, the House proceeded to the choice of of an additional Clerk to the House, when Themas Crafts, Ed.; was massionedly cholen.

The Committee on the retrition of Jonathon-Sayard, Ed.; and others, praying for a grant of Monies for the papers of ra-hallding the Ridge over York River—reported a refolve for that porpose in favour of the Petitionen. Messin, Johnson Tacker, Thatcher, of Gwham, and Mr. Gardiner, fook largely in favour of the report. Me. Tracker in funded them that the situation of the town of York was very different from whan it was at the time they built the old Bridge; that it was built entirely by fabrentino, and had been free of Toll for thirty years; that nothing but eved accounty indeed the inshalizant apply at this time for four reflet; that the Sum and the report was no way adequate for rebuilding, but in the report was no ways adequate for rebuilding, but the Inhabitants would advance the remainder. Against the Report was Meffer. Todor, Clark, Mirchell, and Breck.—on the question being called, it passed in the Negative.

Bill for erecting a Bridge over Merrimack River,

A Petition of Henry Knox, and others, praying for the privilege of opening a navagable caral from Con-nection river to the waters furrounding the town of Bofton—Read and committed to Mr. Breck, Mr. To-

dor, and Mr. Wedgery.

A hill providing a mode of extinguishing Effates
Tail, was read the third trime and patied to be engros'd.

SATURDAY, FUR. 18.
Mr. T. Crafts, choien an additional Clerk of the
Honfe appeared and accepted of that truft: Whereupon

The report of the Committee, appointed to induire into the practicability, utility, and probable expende of cutting a navigable Canal, from Barollable Bay to Bozzard's Bay was read, and with the papers accompaning, committed to Mr. Joses of Bolton, Mr. Jarvis and Davis, with first as the Hon. Senate may join to consider me account. confider and report.

For the HAMPSHIRE GAZETTE.

To the PLANFIBLE GAZETTA.

To the AUDITOR.

WHAT a fafs you make about the fleeping and thundering Cinb: A great Man's pofferiors cannot, now a day's, both, vefficient in the followers atmost the control of the contr great than a ponerion cannot, now a day's, buth, vel-urius like, and involve, in its (ulphytrocus) atmost phere, both Court and Jury, out Mr. Auditor must be fo filly as to tell of it: Never fo needlefs at ale—For the clap reached from Pole to Pole; and the dollowas found of the faffocard Animal, when he brayed, "Sitence behind" fill vibrates in every ear—what then fignifies to tell what every body has heard, fill bears,

fignifies to tell what every body has heard, fittil hears, and forever will hear?

Anneadled was it to relate the law learned, the chaffe, the energetic and fubblime, charge which my Lord gave to the Grand Jury. Recastle hundreds heard the very fame—and have break far res equally pure rip-pling from the fame formation of evolution.

But Mi. Anditor, I beg your pardon: For it feems you have an eye to the welfare of diffant climes and future generations; and with to have that brilliant charge handed down to poftently as a precious model for the lettered Sages of the law to pattern after—ant, Sir, your pitters is incomplete—Could you have printed the rise, (as a good lady find in another cafe) as well as the word—or could you have exhibited. But, Sir, your pickere is incomplete—Could you have printed the raise, (as a good lady find in another cell; as well as the world—or could you have exhibited to poblic view the commanding dignity of his mire—the blazing eloquence of his contentance and the irre-fiftable oratory of his will, yet penetrating eye, your model, moit certainly, would have approximated to perfection—But for want of this, his fablicative of diction has lost in force, and your model mad inevirably fink into contempt 1. It ferms, however, that you are not diffeouraged plat are determined, at all hazards, to build up your favoritie—To effect this, you have related a cafe (and the bed among hundreds) that he has farted to thepent farty. And here it must be confeiled, you have outdone yourful and your author-For it is fockerly, fully and emphatically deferiptive of the learned Judge, that you could not, had you a quill placked from the wing of a Seraph, have given it a higher faithing! Yes, it is 6 group, for expressive alkeness, that every we recognifies the original—and every finger points at the Man! Thus, Paddy! you have 'thoughed him a pog lower."

Pray Mr. Auditor, what do you promife yourful by these laboured. Herelays 20, you are in hopes, you fast hundred. His and in equally mentiorious colleagues, to meet the wither of every individual in the County is a giving wax to inforce a Million." The

diffributive justice, and hir equally meritorious collea-gues, to meet the wiftee of every individual in the County in giving way to foperior abilities." This, it must be confessed, is a haudable undertaking; and thousands with you fucestin-Happy, thrice happy would it be for those Gentlemen, if they would now take the gentle hint, and make a speedy and decent re-treat. But should they prove inearrigible & harden their bearts yet more and more, you will unlock your Quiv-er and let shy the bathed are rown of indignant Suite— and, while you go on to secure with a whip of Scanpions, I will dip my pen in milk and relate a few innocent. Anecdotes: nnocent Anacdotes.

AUDITA QUERELA.

XINGSTON, (Jamzica) Nov. 26.
On Tuesday lest were interred in the church in Spanishtown; (in the fame vault with his late most amiable Countes, and with peaks the fame.) ilitowa, (is the fame yauft with his late not a music Countel, and with usuft the fame honous; and certimonical the remainsh of our noble and ever to be laterated Goreano, Thomas Howard, East of Effingham —Infleted of amoning our readers with an offentation diplay of the greatness of his hirth, and the antiquity of his family circumfance; on which the Noble Indicad of annaing our readers with an oterations diplay of the greatenth of bit birth, and the annique of his 'family circumstances; on which the Noble Bard himfulf feemed to fet no great value, we thall endeaver to grazify the public with a few particulars of a more instructing nature; sinch as relate not to the Peer but to the Man.—He was born Janaary 13;1746-77, and, enther why of Ottober, 1705; was married to Catherine Process; this lise Conneits, with whom be lived in the most perfect and uninterrupted harmony for the space of twenty fix years: Though unbleffed with children, their conjugal fellicity was so great, there was forch a sympathy in these manners, tentiments and temper; that after separation from each other, was son figuratively, but ruly the feparation of foul from the body.—On his Lorddip's first arrival in this Illimd in March 1790, his health was much in paired she was supposed, indeed, to be far advanced in the last finge of a consumption; but the genishing manner, to his country and his friends; and could his Lorddiph have been prevailed on to take even common care of his person, he might have lived many years to administer happiness to a grateful commonsity:—his conceiving himself reduced to the vigour of youth, and believing he possible a constitution that was proof signafia all extremes of climate, he equally diffegarded the heats of noon, and the devent of he night.—It was his radictive to well-fewer. totion that was proof against all extremes of climate, be equally differed the heats of noon, and the dewn of the night.—It was his practice to walk, feveral miles in the middle of the day;—on one occasion he accompanied a foreyor on foot, in travering the floure between. Passage Fort and Port Henderson, formations labouring through the burning lands, and fornetiones planged to the middle in the framps: Ar Bath in St. Thomas's in the East, he waided down the river from the spring bead to the rown, with a surveyor's chain in his hand, climing over the med frightful rows; and

precipices, and frequently immerfed to the chining precipices, and frequently immeried to the chio inter.—Thele are circumflances that redeft no greate

DANBURY Feb. 18.

In the night of the 17th ult. Mr. Jofeph Whitman
Handlord, of Norwalk, merchant, was awakined our
Hils fleep by a perion spparently perihing with cold, of his fleep by a perion apparently penihing with coin, she begged in mixing terms, that he would rife and let him in, as he had miffed his way, and was then par fracen. Mr. Hanford, actuated by the tender folings of humanity flyrang out of bed and opened the door, when he was immediately terzed by three the ocor, when he was immediately increased by missing, he foon disengaged himself, retreated to the hearth, crught a fire dog, which he threw with such force that he knocked down one of the roffinan-He then san to a cash behind which he recelleded was an then ran to a calk behind which he receilected was an exe, but the two villians fixed him, and being saided by the other, who by this time had recovered, they broad him down to the bed, and went to plandering the room—Finding the key of Mr. Hanford's chell, they rook from it about 70 dollars, and then demanded of him the key of the flore, threatening to kill him if he did not deliver it, and drew a knife feveral times groß his throat to frighten him in compliance, but the perfifting in his affertion that the key was not at the bouse; they failed in the attempts to enter the flore,

and went off.

In that no confortable literation Mr. Hanford remain at the morning, when being liberated by his father, he was so benomined by the cold and by the pressure of the cords that he was anable to fland, and searcely.

peak. To a fellow mortal in diffrefs, it is at once a duty To afellow mortal in difficil, it is at once a cusy and a pleafact to grain relief—nor are we fare that fuch tracherous deeds as the above, will justify an uniform deafacts to the plaintive calls of wrencheducis; while we grain the needed forecome to the ruly uniformente, it is but justice to ourselves to be on our garden.

tuente, it is but justice to our ejeves to me on our against the bafe defigns of the vile affaifin.

A few nights subsequent to the above mentioned, a mulasto min was robbed and his throat cut, though the control of and dangeroufly, in the town three in Morwalls, by three failors who had engaged on hand a veffel in that huthour.—They were taken the next day, when they confeifed the faft, were publicly whipped, and fafely lodged, in Fairfield gool. One of the fellows had a large brotie on his flowlder, supposed to be the ef-fedit of the blow with the fire dog mentioned in the pre-ceeding paragraph. eceding paragraph.

BOSTON, MARCH I.

The INDIANS DEFEATED.

The INDIANS DEFEATED.

153 The following Intelligence was received in town our Sunday wid, by a gentleman from New York, and the PHILADELPHIA papers received laft evening, contain exactly the fame accounts: It was copied from the POTOWING GUADALAN, princed at Abject 1700 m, the 7th of Yoh. I. LAST Samarday evening came to this town, a young man from Car-Fifth, which he left about two weeks upon and who gave as the following plexing, insending and important intelligence, viz.—That two days before he fire Car-Fifth, two men-strived there from Licking, had informed that they had been out with a body of also informed that they had been out with a body of 1500 volunteers on horfeback from Kentucky, under Ges. Scott that they left Licking on the expedi-Gen. Scott—that they left Licking on the expedi-tion a few days before. Chriffmen—that Gen. Scott Glystched three fpies in advance, who, when they ar-rived about 13 miles beyond the fpot where Gen. St. Clier was defeated, they diffcovered a large body of Indiana, dividing and enjoying themfelves with the plan-tritery had taken, killing the hallocks, dancing, &c., and appearing to be melly drunk: That on this in-formation heng given to Gen. Scott, who with the main body, were a few miles in the rear, be divided them into these dividence and tell on the emais body, were a few miles in the rear, he divided them into three divisions, adeanced and fell on the enemy by forprise.—That the contest was short but victories on the side of the volunteers, SEVEN HUNDED of the centery being killed on the spot, all the samon and stores in their possession respectively. And the samonated of the favage body put to slight; Thus Genson, the side of the favage body put to slight; Thus Genson, the samonated of the favage body put to slight; Thus Genson, the samonated of the favage body put to slight; Thus Genson, the samonated of the samonated to Licking in the samonated to the samonated states and the samonated states and the samonated states are samonated to the samonated states and the samonated states are samonated to the samonated states are samonated as a samonated states are sam

cannon at Fort-Tefferfon, That Gen, Scott had precannon at both circirate.—I that can shoot had pre-viously gene one with 4cm ench on finding his number infallicient, was returning, but tast a body of 900 vo-lunterers, who, upon joining him, he i-mandiately pro-ceeded in practicating his originat delign, which forte-mately proved furcefull.

Our informant further adds, that he faw a Kentue.—

Our informant forther adds, that he faw a Kentucyn newspaper of the 8th of January, at Mongan Town,
brought by Mijot Reen, crotaining the account of
Gra. Scorr's expedition, which corresponded with
that given by the twa Seen at Cat-Fish, and that Gen.
Scott brought in near joo Scalps.
It may appear extractelinary to some, that this aneeable intelligence should have travelled thus tardiwhen it is recalled the with what rapidity the melanched yn was of Gra. St. Clair's defeat was common-

Inchedy news of Gen. St. Clair's defeat was commu-nicated. But it must be remembered that between the time at which the case de main took place and the above date there was a great full of frow—a fall fo great that ir obliged a detachment of troops which were elears ing provisions from Pittiburg to Fort Franklin, to re clean

Various accounts have been published, that an ex-Various accounts have been published, that an expedition from Kentucky, under Gen. Scorr, was on font. A Pittiburghapper of Feb. mentions as an infigurable fad?—and other incelligence corroborate.
