Letter from the KING of the FRENCH to the KING of ENGLAND.

This Letter, which has been published in the Parisian This Letter, which has been solving a in the Partian prints, is certainly genaine. That it has tons appeared any he attributed to the Creaters of the Court, who dispoyace of facts a corafpondene in proportions they are attached to the old riviem. They imagined that its publicity may fibrite from its effects, or attach to it a degree of ridicule. Bar in this they are probably deceived. The opinions of mankind have fullatined a material change, and the plantem of flate feereey has left much of its repul--- The event we tred, will contince them of their millike.]

The following is a corred translation of the Letter.

"Siz-ary agorites.

I SEND this learn to Mont. Charveten, whom I have assend my Minister Plenipotentiary at the court of your Majelly. I feize the apportunity to express to your Majelly how feelfable Lam of all the publicansks of affection you have given me. I think you for not having become a party to the Leanar formed by certain powers agoinf France. From this I fee that you have formed a better judgment of mytroe interests and more corred opinion of the flate of France.

ty certain power against reme. From that the con-you have formed a better judgment of my true interful-and a more correct opinion of the fate of France.

Revener our two condition as wonnexions ought to take place. I think I fee the remains of that rival-ing, which has done for much michief to both, wear-ing daily-away. It becomes two Kings, who have di-flugation their reigns by a conditude defer to promote the happings of their people, to connect themfelves by focalities, as will appear to be durable, in proportion as the two nations hall have clearer views of their or all the corn responsibilities of their or have certy reason to commend the Amballador.

"I have every routed to commend the Amendation whem your Majors; has appointed at any Coutr. If I have not interfied with the fame character the perfect when it live font to your 5 you will nevertheless perceive, that by all claiming in the Midlion Mond. Tallog-end, woo, according to the terms of the Constitution, cannot have a publick character. I have annexed the measurement of the Midlion of the Constitution, cannot have a publick character. I have annexed the measurement in the Midlion of the Alliance. which I with your Majefly to concar with the fame zenl-as I de. I confider it as receffery to the fiability, to the refrective Cooff tutions of both Kingdoms and to the maintenance of their infeitor tracquility. I shall only add, that, united, we ought to diffate peace to Europe, (Signed). LOUIS."

## P A R I S, APRIL 30.

THE Authin feldiers are deferring the colours of Depoting, and careling themfores in our ranks of company of grandiers have come overto the northern, Army, one of the careling the state of the continuation of the careling that this example will be followed by the fands of the Cerman Troops,—The Marthal has

thenfands of the German Troops,—Inc. Mannal has jeft taken aften which is glorious.

Perceiving from the manner in which the frontiers of Bahant see interwoven with those of France, and the pells being extremely multiplied and neighbouring, a number of trifling friemilles must enfue, which, a-number of trilling firmithes mult calve, which, without benefitting the fiscers of either army, multivagle a dreadful carmye, he diffratched his Adjutant General Mir. Feijfar, to General Reading. Commander at Miras, proposing that at those fault polisicate party should continue to respect each other until such time as circimstances, or the fate of war, might reader it meetlary to change the conduct.

The Austrian General, pleased with this generous the general the proposition provisionally until he

The Andrian General, pleased with this generous conduct accepted the proposition provisionally until he receives further orders from his Government. On the 19th, General Birw, at the head of 10,000 men, formating the Antest Grande of the Mariful's Army, began the march towards Mont.—A corrier arrived at four o'clock-wellerday morning, from Rachambeau's Army, with advices, that by, the time the Mattenger arrived at Paris, the town of Mons would be invelted.

Then the corr of Mons would be invelted.

at Paris, the town of Mors would be invested.

From the army of Marshal Lutiner we learn, that Med Culffine, with a detachment of 6000 men have matched inwards the Delites of Portestrui; and a letter marched thwards the Defiles of Parentrol; and a letter from Homingue, received witherday, dated the 26th fays, that the polo of Parentrol have been abandoned by the Arthrises, owing to the dragoons of the Ci Derant regiment of Le Dauphin, who had been feduced by the Banigrants.—Uson the approach of the French troops, they refufed to Basil to their polits—they litter themselves upon the merce, of their countrymen, required and received pardon, and having footn to be faithful to the cause of Liberty; in the moment of indignation, shell hard find defirered the bands of the Officer they bernt and deffroyed the books of the Officers Late Said
