Let us with France agree.
And bid the world be free, While tyrants fall-Let the rude favage hoft

Of their vall numbers booft Freedom's almighty treft
Laughs at them all!

Tho' holls of flaves confpir To quench fair Gallia's fire, Still fhall they fail; The' traiters round her rife Leagn'd with her enemies, To wareach patriot flies, And will prevail!

No more is voloir's flame Devoted to a name; Taught to adore— Soldiers of Liberty Diffain to how the knee : Battesch Equality, To every thore.

The world at last will inin To aid thy great defign,
Dear Liberty!—
To Roffia's frozen lands The generous flame expands— On Afia's borning fands— Shall men be free.

In this our wellern world Be freedom's flag unfurl'd.
Through all our fhores!
May no defirufiion blait Our fkies with clouds o'ercaft : May freedom's fabric laft While time indures !

If e'er ber caule fhould fail, Ambition's fiend affail. Slaves to a throne-May no proud despot vaunt-Should he his flandard plant, Freedom will never want Her WASHINGTON.

BLOODY SCENE!

From the Connection Cogrant.
Meff. Hubburand Goodwin,
BY defice of the parents of the child defloored in the tragical Scene at Wintonburgrant the town of Wintellor, out the path of
July infit and others whose attention was July 10th, and others whose attention was commanded, you are required to publish in your next paper.—That Ezekiel Case, the perpetrator of the horid crime Ead dwelt in the honto of Art. Ackler, about ten weeks next proceding; and had been there employed as a solution was a second or a solution of the processing the the employed as a joyrney man, at the finemak-ing butinels a That in the fame family, a filter of his, an amiable and worthy characfer aged about 34 years, had refided as a musfe and house libourer about three weeks —in the course of which he had discovered upon feveral occations, an intimical difposition against his filer. That on the position against his later. Inst of the morning of the fatal day, he arofe from his bed, and entered upon his labour as afual, and continued in the fact industriously employing himfelf, till called to breakfall, when he, attended with the family, made his breakfalt as at other times, and remen ed to his work, which he diligently attend-ed to until about half pall nine in the fore-

noon, (having by that time, and in tha motalog, performed as much fervice as to begin and finish a woman's shoe, and in as good workmanship as at any other time.) Nothing peculiar had been observed of him, during the time above mentioned; but up on recollection, it appears that he had been unfociable, the unnoticed in him. The act was thus; he fuddenly cast his shoot from him and with his hummer in his right hand, he instantly left his seat, passed a door into the kitchen of the house, where his fifter was engaged in family bufinels, feized her by the shoulder with one hand, & fmore her with the hammer upon the back part of the bead-fine exerted her utmof firength to difengage berfelf from him, and to fice, while he gave a fecond, and mot dangerous wound near the crown of her head, with which the now languithes; the dragged him thro' a fecond room into an ontward entry, and thro' an ontward door made her efcape, (during which, he gave berthree or four additional blows, upon the Thoulders, back, &c.) Cafe immediately returned into the laft mentioned room and with a countenance terrible as death, with hisarm and hammer extended, roshed upon

mmer, before the with the utmost difthe hammer, before like with the armoid dis-ficulty had effected her elegape: The mer-derous hand then proceeded against the definable child, and with farage barbarity-and cruelty planged (with one firote) the face of the hammer, and to its handle, thro the fkull into the brains of its head . and the itsul into the brains or its head; and not farisfied with this, repeated the blows upon other parts of the head, and upon the ribs and hip of the child; and immediate-ly retired into a dark corner of the lower apartment of ah adjoining backhoufe. The confiderate public will please to suspend their opinion whether the above was in a their opinion whether the above was in a fit of diffraction (according to the usual understanding of the word distraction) as was suggested in your last paper, until the trial of the forenamed Exekiel Case, in September next.

NEW METHOD OF TAXATION.

NEW METHOD OF FARA HAVE.

Mr. RALLET,

IN orderthat we may have a more equal method of exation, I would propofe
to the public the following, which will
greatly tend to happify fociety, and id
the public of those aminals which are almost
unfeles. I hope the proposition will be difcussed with candour and purified to effect.
A receive from Der. at one fourth of

A revenue from Daga, at one tourth of a dollar each would raife an immenfe form while the fame on old Bachelors would leffen the taxes in the town where they re

fide, I would with that faid Act may be entit-led, "an Act to prevent the increase of old Backelors, Days and other nicleis animals." 1. That all Days thould be paxed dif-cretionary by the above tatio, and in pro-portion to their utility.

2. That all old Backelors of 50 years old and upwards; thall pay an extra tax to the public, of one fourth of a dolling par-manum field by the health of the par-ranum field by the health of the parannum - faid tax to be collected, if rer fire, by diffres : Provided nevertheles that they are freed by the Levitical law.

on every half fcore throughout the State and that they pay fach Physician the fom of

and that they pay inch Physician the form of ten dollars per annum as a maintenance, 4. That every old Maid, who can fewer then ever had the offer of matriage, after taking fuch outh, thall pay fewer dollar, 5. That every Widews or Widewer, who has been such tweaty feven mounts, thall pay nine dollars, or few cords and as helf of good merchantable wood.

of good merchantable wood.

6. That those who are above the an 6. That those who are above the age aforefaid, and have never attempted to cross the guilf of matrimousy, shall be debared of holding any public office high-rinhan hogeness—and that they never be out in the evening after to o'clock, onleft by a permit from the Physician. Should there be any other animals to be traved, I leaves officially to the Legislature, and now flamint on an impartial public, whether fach amethod of travition might not be just. It conceive it wholly impossible for an old conceive it wholly impossible for an old Backelor of an old Maid to be a good memher of fociety, or at leaft fo good as other-wife they might be, should they attend to the general costom of the world and fosten their minds and dispositions, by that friendthis which is the only cement to fociety.

Honor and flome from no COMPLEXION

rife."

IN the borough of Enflon, Pennsylva.
nia, a free Negro Mass, by the name of The maiHercules, was on the 6th of July laft, chefen Town Clerk of that borough, by a decided majority of votes. This we mention as the growing liberality of the pr fent age, when virtue and worth alone and not more colour, or frippery of ran and fplendour, begin to recommend a man to places of troft and confidence.

INSTANCES OF LONGEVITY. IN England, Thomas Parr, who died in the Reignof King Charles the first, lives

1 the Regnot King Charles the farth, lived 152 Years. In King Charles the Second's Reign died Heary Jenkins, 168 Years old, In Queen Anne's Reign died Mother Serimbaw, 129 Years old; and fince her Margaret Patten, 137. In Hongary, in the City of Tame(waer, John Revin 172 Years old, and his Wife 765, both altie in 1720. in the 123th Year

John Revin 172. Years on, and my write rich, both aliprein 1740, in the 1247h Year of their Murriage, had two Sons and two Daughters then living, and the younged Son, who was then 116 Years old, had two Great Grandfons, one 35 the other 33 Years old.

Peter Torton of the lame place, viz Tamefwaer, died 1724, aged 185 Years, which exceeds the Age of Haze by five

Mrs. Ackley repeatedly upon the head, & his appearance dreffed in green and gold, by a third firoke felled her to the floor; begave her feveral other violent blows with be attracted the attention of the whole combe the combe attracted the attention of the whole combe at the combe attracted the attention of the whole combe at the c pany. A general marmor prevailed in the room, to learn who he was, the lady infrant-ly made answer, loud enough to be heard. "Oh! don't you know him? it is a young bible, bound it calf and guilt-but not lettered.

> A N houest Clergyman in the country was reproving a married couple for their frequent diffensions, which were very unbecoming, both in the eyes of God and man, feering that you are both one; "Both one!" cried the hufband, "were rou to come by our door fometimes when we quarrel, you would fwear we were twen

> IN a great florm at fea, when all expedded to be eaft away, they went to prayers; in the midft of their devotion, a boy falls in the midt of their devotion, a boy fally a laughing. The captain afted him what he meant by it—Why truly, \$1r\$, faid he, I laugh at that man's fiery noise there, to think what a hissing it will make by and by, when it comes into the water.

PHILADELPHIA, Joly 24. By the Sally, Capt. Egger, from Cape-Francois which the left the 4th of July; we learn, that at that time about one fourth of the town remained flanding, but entirely de-ferted by the white inhabitants. A few seried by the white innabitants. Alow magness remained, who were employed in burying the dead, The Commissioners Santhonax and Polevets remained at Haut do Cap, a small distance from the town, attended by the mulattoes, negroes, and their other adherests. The Commissioners had iffued orders to one of the mulattoe generals to differ all the white as it was the santhoners. ifined orders to one of the mulattoe gene-rals to diffarm all the whites as it was fup-posed peace could not be reflored to the idiand antil they were deprived of all pow-er of interfering with the Commissioners, whose expects business was to enforce the decree of the Convention of France, grant-ing certain privileges to the people of co-lour.

An express arrived in town last Saturday from the Commissioners to the hostile Indians and we hear, brought favorable in-telligence respecting the progress of the treaty.

Yellerdsy arrived here a thip from Scot-

land, prize to the Xabeque Sans Culottes of Nants, faid to be worth forty thousand pounds fterling.

The King of Spain, has evinced how steely interested here is in the suppose of the French Emission, to find the French Emission, the from his kingdom. A gentleman who was lately in Sakin, assure as, that the King's edict for the exposition of the French, included, duylonly old fettlers, who had refuded their, many years, but even that enfued the french, included, duylonly old fettlers, who had refuded their committy to the revolution, had gentlead their country, and crowded into Spain in great numbers:—The whole number thus banished was about one hundred thousand; and only a short time whole number thus banished was about one bundled thousand; and only a finnt time was allowed them to quit the kingdom.—
The Governor of Str. sinders bunnacely endeavoured to protech dispos them in a little longer flay, in order that they might take proper care of their innerest. For which he was arested, and sent to Massisi, where it was expected he would be severely dealt with. The King's motives probably were, that he might possess the property which may in their precipitate slight most leave behind them—and to rid him self of the claims which the French royalith were making on his bounty and proiffs were making on his bounty and protection. The Frenchmen was been test their country previous to the revolution, when they returned were received by their countrymen with open arms; but those of the other class, who ventured to return, the oner class, who ventured to return, were hanged as foon as they arrived upon the lines—the French republicans deeming it too dangerous to their caufe, to admit of their professed enemies into the heart of
