THIRD CONGRESS.

MONDAY, April 48.

Monday, April 48.

M. Gillon, a new member from South-carolina, was qualified and took his

feat.
The clerk proceeded in the reading the evidence in the conteffed election between Mr. Francis Perflop; one of the fitting

Mr. praces revotor, one or the stone members from Virginia, and Mr. Trigge.

When the clerk had finished the reading, Mr. Prifton rofe to enter upon a reply. He observed that the discussion of this question had been for long deferred when the discussion of the promotive and the server much against his wishes. But an it now was two o'clock in the afternoon, and as it would require more than an hour for him to go through his remarks, he should, if agreable to the honfs, defer beginning them until tomorrow. At the fame time, if it was more agreeable to gentlemen, he should the fubiect now.

After a few words from Mr. W. Smith, and Mr. Trigge, it was determined to defer

the bufacts until tomorrow.

The house their went into a committee on the report respecting the better regulation of the courts of justice in some of the fonthern flates.

As three p'clock the committee role, the chairman reported progress, and the honse

adjourned.
TUESDAY, April 29.
This day the bonfe proceeded in the confideration of the conteffed election of consideration of the contention electron of Mr. Prefixon—That gentleman addressed the boofe on the occasion, in a speech about one hour long—frome observations were made by faceral members—and on the question to agree to the report of the committee, which was against the electron, as irregular—it paffed in the negative—by which vote Mr. Preston retains his feat,

which vote Mr. Prefton retains his feat.
The use Nr., May t.
The bill for fortifying the barbour of
Annapolis was read a third time and paffed.
The house went into committee of the
whole, Mr. Sherburue in the chair, on the wars and means.

A tax of five cents per hundred dellars on transfers of ficek in the publick fundor banks was after much dehate agreed to

53 members riling in the effirmative.
A tax proposed on manufactured funti and tobacco was next discussed, but not decided before an adjournment took place

Frathe Lospon GAZETTE.

It appears by diffaithis which were received yellerfay by the Right Hou. Henry Dundas, his Might's principal Seretary of fitte for the Home department, from Vice Admiral Lord Hood and Lieufer Michael Lord Hood and Lieufer House from Vice Admiral Letti Hood and Leti-ranai-Georal David Dandas, dated St. Fiorenzo in the filland of Corfica, the 21th and 22d of February, 1794, that the tower & garrifon of Mortella fortendered on the roth of that mouth; that the firong re-doubt and batteries of the Convention were taken by florm on the 17th, after a fevere cannonsding of two days, that the farme night the enemy abandoned the tow-er of Fornell and two confiderable fea batteries dependent upon it; that on the 19th they retreated from St. Fiorenzo to Baftis; that previous to their retreat one of their frigates was funk, and another burnt in theGalph ; and that the town, an by his Majetty's land and fee forces.

The lofs of the British confifs of 13

hilled and 39 wounded, befides fix failor of the Fortirode killed and 56 wounder from the fire of the fort Mortella.

from the fire of the tort Mortelia.

From Bradesburgh feveral circomflances are mentioned, as indicating that the King of Pruffa will go no expects the Rhine; to which it is added, that according to all report, that monatch will not foffer a fingle. to which it is adode, find according to an export, that monarch will not foffer a fingle recruit to go to the army, till the fubblidge which he has demanded are forth-coming. The Regent of Sweeden has refolted to equip a fquadron of eight fall Name. Inc., and four frigates, to act in conjunction,

tion with that of Denmark, for the protec-tion of the trade, and for causing respect to be paid to the neutrality of both kingthe united foundmen will make up

doms; the united foundross will make up a fleer of weary fair of the line, independent of frigate. This measure by no means breathes good will to the concert of Finces again France.

A new memorial has been disputched to the Danish Court, no demand an explicit zolwer respecting the intention of Demants, with respect to the French Republic. The reason of this is stated to be, that a Danish wifel bound from Copenhabitate a Danish wifel bound from Copenhabitate and the cruitzers. Some of the flores and the contract was come of the flores belonging to the Royal arteral of that kingdom.

Thiry thousand sea and maintees are manufacturing for the French at Genera.

manofactoring for the French at Geneva. glift. manafadoring for the French at Geneva: pith.

that the French have purchased . Data. zick, grain of different kinds, if a very large amount, no lefs, it is faid, than 200 ocol. To convey this important needs war will most probably be font to the North Seas, by which our Baltic and Coasting trade may be greatly annoyed."
BATAVIA.

The conqueft of the important fertile ment of Batavia, belonging to the Dutch, was lately mentioned in fome of the Peris papers. In those which we yesterday retially re-afferted, and we give it to the public, without annexing to it any other credit than what may be fopposed to belong to fuch authority.

The conqueft of Baravia, where the Hol-

landers have long reigned, was undertaken by two French merchants of the 1-101 France, named Bouchet the elder, an aforeph Coore, and we are well affored that those brave Republicans have succeeded.

The emperor, it is added, will find it

The emperor, it is added, will had it impossible to fill up the loan he has opeced at Amflerdam i for, by the capture of Batavia, Holland must be ruined.

This news will be equally disaftrons to England, for the French being mafters of the important fruit of the found, can easily posses, themselves of the Molocca, islands, in which cafe the return from China cau be completely that against the English-ref-fels!

knowledged Rights of Nations.

The most ferene government defires that
you will communicate these determinations to the British minister, Mr. Dake, in order that they may be transmitted to his court, from which, a full teparation for the aggressions committed by its ma-

nanders, is expected.
The Secretary of State government of Genoa.

The Duke of York returns to Flander about the middle of next week to refume the command of the British forces; and it the command of the British force; and it is now underflood to be a mersure positive. If fettled, that, in compliance with the plan of Colonel Mack, a descent on the coast of France shall be made by the En-

riofity is on tiptog to know whether the ports under the order of November 6th. French will really pay the debt of an antient king.

Extrat of a letter from Edinbargh, daird the intoxication of imaginary forcets, and "Certain information is received ber, 5 derately illust, will thus be afted upon for feveral weeks, and the public will have to pay all the expenses incurred by the de-tention of the ships taken only to be reflor-ted. The effects of it in America will be to

convince every man that the States are not to depend for the fecurity of their commerce as a neutral nation, on the modera tion of the British Cabiner, but on their own power to afford it protection. The whole expenditure of the American

States, up their effablishments civil and military, did not amount in the laft year to 180,000. One fingle fublidy, that which we pay to the King of Sardinia for defending his own dominons, exceeds by 20,000l, the whole expense of the American

can government!

The Editor of the Leyder Gazette, the friend of truth and liberty as far as theeir-comfances under which his paper is pupilified will permit, introduces the speech of Mr. WASHINGTON, on opening the Con-extis in December, with the following pre-face:
"While Europe, towards the close of the

eighteenth century, prefents an afoed the most doleful to philanthrophy, deeply, af-flifted by the inconfideratezeal with a hich men rath into opposite extremes, equally adverte to public happiness; it feems to have been referred for the New World to fars been reterved for the New World to furnish the confolation of this melancholy period, and foon, perhaps, an siylum for the crue friends of freedom, the bads of permanent tranguality. The UnitedStarg-ofAmetric efford the example of a goar-ment, truly jud and moderate. For this, men, troly job and moderate. For this, inext to the public fipiti; and a mind and character of equity and wildom, they had been to foom great men; among which more will difport the first place with their ultimos. Washington, it is impossible to read, but with real pleasure, the lancet five productions of his pen, either as a Statesman or a Soldier.

REUREN CLARK. S.

Northampton, May 21, 1794.

Northampton, May 21, 1794:

precised my appointment to the command of the norther same, I telelved to come of the northen sure. I refolved to come tamage you for the purpose of repeating the man with the segment on my heart, and of iffering you that I will defend to the left top of my blood, Liberry and Equality, and the unity and indivisioning of the Republick. Orders, however, which have been transmirred to me and which command me to fet off inflandly for the army, deprive me of the pleafure which I had proposed to myfelf.

If you to pretitive in arms, determin-

of I fly to my brethten in arms, determin-'ed never to feparate from them until we have howed to its hale the column of defpatick power. I glory in the facerities of the sumy of the Rhine, and I am convinced that the foldiers of the army of the North have equal courage and equal patriotifm!— A French Republican fighting for liberty of be invincible.

If Founded on the rights of man contin-

ne to propagate the love of the Republick, while we are fighting in-defence of it. if folembly freez that the arms of the Republick shall be triumphant, that either the grass shall be exterminated, or I will feeting my life in the contest. My last words faul be Vive la Republique! Yive

uends man in la Monigoe!
[Nigoed] PICHEGRU."
[Nigoed] Plearere made a report on I a Vendee. Not to alarm the Convention, La Vendee. Not to alarm the Convention, but to fpeak of the refurretion of La Vendee, a reforretion impossible, though much desired by lad citizens and the patrizens of the foreign powers, form emistakes had been committed in La Vendee, which had given first hope to the remeant of the bandisti; fome bodies of them had collected, but the fone bodies of them had collected, but the troops of the Republick had already different in ferrent places. He proposed ferrent measures which were adopted, as sequents ordered to be excelled to the incensive of yeang General Moolin, who killed himfelf to prevent his falling into the hands of the toyalifa.

The Carrention decreed, that the memory of Georgal Moolin being dear to the Republics, a monument thould be excelled over his grave with this infeription—if Republicans I be destroyed himfelf that be might not fall living into the hands of the refines.

February 15 .- Barrere com following articles relative to the armics.

7 ROTALISTS DEFEATED.

General Duquelouy thas writes from Post de Noyers, the 22d of Pluviole (10t February.)
"At last I have met the famous army of

"At laft I have met the famous stray of Charetre, a quarter of a legue from Pout de Noyen on the great road to Natrea. My light troops on the lêtr, engaged in a brift. Sie with their advanced guard. At two o'clock in the afternoon, I repaired to the field of buttle; as faft as my buttalions. arrived, I drew them up, and the fire was try bot on both fiden. An the onler thefe sery hot on both index. An the onlet their sugabonds not only refified, but advanced appa not when ferent my battalions were raged, the charge was beat. The enemy on their fide, produced three new battalions that had been concealed in a wood. The combat lafted an hour, and was very hot. Our troops at length repulfed the Rebels, is recovered to the contract of the is every part, the greatest part of whom threw away their arms and fied into the wood; about eight hundred bit the dust. I have, in the whole, almost one hundred menkuled and wounded. My Aid de camp L'Anglois had his horfe killed under his We know not whither the Rebels are fled

General Tureau writes from Saumar, the zgth, and confirms this news. He adds. We are faid to have been besten as Cho-let, whereas we have gained there a complete victory. I was at Angers the 230, and they faid here yelterday, that Pont de Ce were taken on the third, de. General Confelier, who has bearen the ered [12] Cholet, had orders to pursue them we nout intermillion.

" He tells me, that Laroche Jaquelia is killed, and buried at Tremeatrin. Thirty reports have been made of that event, and they all agree. It is however, certain, that be was not prefere at the bastle of Cholet, and that it was his army which assacked that town, commanded by Stofflett. I have ordered General Cordelier to cause the body of Laroche Jaquelia to be difinterred, and to try to gain a certain proof of his

death."

February 19.—Barrete in the name of he committee of publick welfare, made a troot relipeding forms firth victories gained over the remains of the royalish at Vendee. "I hope," faid Barrere," this will be the last time that I shall focak to you of that differential part of the Republick."

He fift read a letter from the Reportlemation of the different who have the rest of the region dated before the reof that differential part of the Republick." Described reloyed to composite the first raid a letter from the Representation of ecclare for no poor other party of the property of the property

the bandin hear stantowers the banding laked two days; the banding were com-pletely put to the part; 1358 remained dead on the field, and 1300 drowing I them dead on the said, and 1/3 is the said of the felves in a neighbouring tivet. A young worsten, who feemed to command the seitels, has also been killed. This victory has

has also been killed. This 'vid ry has been obtained over the remains of the army of Lamche Jaquelle.

February 28.—I'wo recent advantages have been gained over the enemies of the Republick. The first trick place on the 14th of February uses lekem. Brigaider General Dumoberau, and Col. Wattel commanding at Pont a Bruck, art he head of a detachment of the 16th regiment of Caivadoes, and another of the chifficus of the 18th forming in all a cores of 100 met. does, and another or the channels of the right, forming in all a corps of 100 mers, met, in patroling, a body of the enemy, in number at leaft fix times greater, composed of English essalry and Austrian infantry. They made the attack with Republican courses, and the event was not doubtful: not made the attack with Keresbirgh courage, and the event was not doubtful; they made as leaf fifty of the enemy bir the duft, took the fame number of prifon ers and 18 bories. We lott only a fingle man, a quartermafter, who is regretted the whole curps,

UNITED STATES OF AMERICA. UNITED STATES OF AMERICA.

In Sensur, April 16th, 1794.

The following written mettige was received from the Prefudent of the United States, by Mr. Dandridge his Secretary:

United States, 16th April 1794

Gentlemen of the Senate, The communications which I have made to you during your prefent fession, from the dispatches of our affairs with Great-Britain. But as peace ought to be purined with unremitted zeal, before the last resource, which has often been the fleoring of nations, & cannot fail to check the advanced prosperity of the United Sastes, is contemplated, I have thought proper to nominate, and do hereby nomi-nate JOHN JAY, as erroy extraordinary

arre requested to assemble at that hour, in front of Trinity Church.

A memorial from the merchants in this

city, who have lost property by the British captures, is preparing for Congress, requesting indemnineation. ABSTRACT.

European accounts by lete arrivals at different ports flate. for England THIS MORNING at NINE

Lieutrant to be that at Hisper, smill the o'clock. Such citizen as are disposed to have from surver brought on form. The Cut o'clock. Such citizen as are disposed to have from surver brought on form. The Cut o'clock is not the place of his Embarkation, and the survey for the man and a survey from the matter than the survey for the man and the survey for the man and the survey for the melion of the matter than the survey for the man and the survey for the man and the survey for the matter than the survey for the survey for the matter than the survey for the survey for the melion of the survey for the matter than the survey for the melion of the survey for the survey f tain many general mobies brought toe head one first one fast one first on board subject to head on the first of themfel vet and all friends to liberty here. They expected must lasted from these of clock in the afternoon, until lasted from these of lock in the afternoon, until lasted from the first one was moraing. The afternoon to the first of the first lated from three & lock in the effections, an about distillent the wax morning. The infentily round and pair their feats until the mourse brought before them, and examinates all proved to be true dimerican. The capitals and hierarchies all proved to be true dimerican.

Capiais and Lieutenast rures time formit red to grow band, not bowere autilité Co-fal bail gioue feturity to pay the mer their ways and if demants forty had on the fair-th governors and affembly behaved which great firmels as the acception: So benefinds of citizens attended on the affembly.

he failed the 13d of March: a number of Mercalt prefinger came, with him. We made inquiry, of Owners, Mafters, and patiengers; but could gain no particular intelligence: They fay, that there is a very great forcity of provisions, owing to the regulation of prices, not to the valid pipel lent on the armine—that no grant difficulties crift—and that the water water difficulties crift—and that the water water of the country of gorously purford. They know nothing of the capture of the Mands of Gueraley and NORTHAMPTON, MAY 21.

On Sunday, the 11th inst. the dwelling house of Mr. Obadrah Graves of Norwich took fire, (Mr. Graves, and a family who nocker's (NII, Graves, and a standy who occupied one part of the books, being all at meeting) and was entirely confuned—
By the aternacis of the people, who left distinctions, a lew of the goods were favied-six was imposited that the boofs tookfree by fome figures falling from a live coal, by a boy, who was inadventically fent afterfier with your of more.

NATIONAL CONVENTION, Feb. 8. confifed of agu above 4010 men, and that they have fome other inciven, as will disconside the first february 15th and to copile, leave the part, and no doubt, common their pirateal depreciations on us trade. The cirizens of Norfolk, however, ever vigilant & patriorie, having had Linformation of their cizenmilances

finally on a division for the motion, there ap-peared 46 ayes, and 153 mes. TO THE PUBLIC.

TO THE PUBLIC.

I made by the Attorogy General, as the left S. J. C. boileo at Northampton, that fupped those gentlement and laties, to belong to Hawley, who appeared in officious an attempting to indicate the character of Chriftpher Gelfin, who was convilled for attempting a Rape; but this was the fone meant a militace, they belonged to Plainfield. The Culprit, it is true, was from Hawley; but the people in Hawley, from Hawley; but the people in Hawley, appear to be for from approving his for-did and pernicious conduct that they are willing that he, and every other malefactor thould be brought to justice.
A FRIEND TO VIRTUE.

SETH WRIGHT.
