mbications opposed to the government. Itom baladrades on each fide; it has 36 pectation, and fufficient to answer every yearing counsels and uncertain purpose.

Mr. Timothy Palmer, of Newhory.

Mr. Timothy Palmer, of Newhory.

Port, in Massachusets, was the Archiech, pirited troops of the Emperor. combinations oppored to the government. Jion bendrance on each une jit has 30 By fashfully adhering to it, he encounters suches, and from it there is a grand prof-perfection to He finds neither refuge nor confolation with the public, who become the STADTHOUSE, where public combinion with the partie, who become at length fo corrupt at to think witten in a public flation ineredible, because it would be, in their opinion, tolly. The indif-criminate jealousy, which is diffused from the class, tends no lefs to corner the fuf-presons than the feffer clad. It postions confidence, which is no lefs the incirement, than the recompense of public services. It howers the flandard of action.

These observations, which feem to be

founded on theory, unformastely bear the flamp of experience. History abounds with proofs. Never was there a wife and free ropublic, which was exempt from this inveterate malady. We can find a paral-lel for the brighted worthirs of Greece, as well as for their columniators. In that well as for their columniators. In that conners, as we has in this, the affilians of charafter abbushed. While flander is cre-dited only by its inventors, it is eafs for a man to maintain the ferrnity of his con-tempt for both. But when it is adopted by the public, few are hardy enough to defpile the public opinion: he, who pretends to do fo, is a hypocrite; and if he really does fo, he is a wretch. This precious property is one of the fird objects of interesting the property is one of the fird objects of interesting the property is one of the fird objects of interesting the property is one of the fird objects of interesting the property is one of the fird objects of interesting the property is one of the fird objects of interesting the property is one of the fird objects of the property of t

It is a plaufile opinion, that if the ga-ternment is not grofily defective in its form, or corrept in its administration, and modifies against it will not exist. This corresponds arither with fourd feele mor experience. Equal laws are the very give-arca of these perty agrants, who combine together to engain more than equal power and privilegis. When power is conferred exclusive to see the conferred exclusively upon the worthy, the preligate and ambilious are driven to despair of success, by any methods that the worthy would adopt. The more pure and free the government, the more certainly will the adopt. The more pere and free the go-vernment, the more certainly will the world men, it protects and refirming, become its implacable enemies; and fuch mer have ever been the foes of the republic nave ever been the foces of the republic. The outcalls from fociety, those who fin-gly are shunned, because infamy has finit-ten them with leproty; men, who are footed with worfethan plaque. Literare the fift to combine againd it. And fuch men have the front to perach purity of princi-ples and reformation. Such men will meet in darkness, and perferm incentations ain distance, and perform incontations and going liberty—there they will gather to going liberty—their polons, as wher their dagagers, to utter their bid-sphemies again to liberte, and may proceed again to shout from that gallery, or may collect with cannon are this door, to perpetrate facilities there in her very facility.

It will be suited, What remedy for this can't of a facing will be suited. What remedy for this can't facility is facing to a vision over. The

There is allo a SPINNING HOUSE for evil !! I assace, No violant one. The grants power at opinion, I flatter myfell, will prove fundicient zomag our circuran, who have sende, morals, and property. The hyper city of the circula will be under the city, and the public fects, without touching their prefins or property, will frown them into nothing.

(Renatuder is our west.)

There is allo a SPINNING HOUSE for lead women, where they are completely mill for Newington, over Pifferd, and its few days will be completely faithful. Its diffance from Portforn The river which it craffer is not.

> The lateft Report of last exeming was, that the CONCORD French, and the THETIS, British, frigates, had meet off the Hook, and had a fevere brush.

NORTHAMPTON, December

NORTHAMPTON, December 51, LATEST FROM WEST INDIES, A brig arrived at Portland, on Saturday A brig arrived at Portland, on Saturday feven aight, in 22 days from Barbadoes, the Captain of whitch informs, that a British Admiral had arrived at that island, a boat the 17th Now, with four 7 gens filips, frigates and transports, in 24 days from England; and that two days after the figuration failed for Maritaico or Gaudalloop. It was reported at Barbadoes, that roccoo British troops were delity expetted in the Well-Indies.

It is confidently reserted in the European papers, that Mr. Manroe is charged with letters from the Preddent of the United States to the King of Preding on the folly-ind

letters from the Frendent of the United States to the King of Freilin, on the foljedt of the liberation of M.J. Gen. Fayette. We hope it is tree: It is alless probable, that the above minister is charged with the

that the above miniter is charged with the maney granted to the Minquis by Congress at the last festion.

PROSPECT OF PESCE!
The province of Frieland, but patiened the States General status; then filled the States General status; the filled for with in righting place in the caustry—rece if they treat for analysis. The King of Fresho it field to be to a negative with the French for Peace. The radius—the about thing the attack on Holland, The bas been rejected until me sensity of the Erench to the Durch, but as breaking there is the right are of payland. The heaftlanns of New York, but went, and the heaftlanns of New York, but med.

The Legislature of New Joseph bare ex-profied their highest approbation of the meaf-ness puriously yets. Federal Executive for historing a Jacobin rehalize in the neighbor counties of Pennil "navio, and referred, that the arms implyed therein have "deferred will of their touring."

Three of the Phylaryh haden have made

their escape from prison. Gov. LER bas of-fered a reward of 600 dillars for approbend.
