charge of "diheminating futpicions, jeal-cufics and acculations of the whole government," without regard to confequences?the focieties is not to create a revolution? the forefrees is not to create a revolution? How, that they will not be employed, as influences of party? How, that they may not be guided by foreign influence? How, that by their combinations they will not usure the direction of the people? or in bility, and kept inactive in their ports, that grand fleet of Admiral Hows, upon which the coalition had founded fo many thort, they will not generate all the evils. flated in the foregoing papers? The ut-most, which can be deduced from the march of the democratic members is that the focieties are composed of various defto checked the departure of all the fiquations defined by the admirally of London, to coavoy the troops and provifions, which they intended feading to the continent of Europe, and to the filmds: We have also continued to place under contribution the nor apprized of the lengths to which they be carried, and are allured by the eward of being cloffed as a patron of li-

One of the focieties has confidered it. as a phanomenon, that in the United States, France and Great Britain, Denocrarie Societios have been denounced in the lame year. As the comparison be-tween the United States and France will be in it concludes, I shall pass by Great-Britain and ik whether this declaration is not a clear atknowlegement, the Jaco-bies and D. m-cratic Societies ftrongly refemble each other? And will any man, who admires the French Revolution, b who admires the French Revolution, be-hold with indifference those focieties in our own bosom, which threasened with a mortal fling the liberties of France? Let us not be infolized by the subtering, that they subtuin themselves to public opinion: when they purfue every attifice to foreftal the topinion, and are credited in their mif-repreferations; while the vindications of government will be d fo lieved, until the knowlege and feelings of the people shall

vouch for them.

That nothing may be untilized, to cajole the people into an apprehention for the liberty of the prefs, it has been gravely infifed, that the abolition of Democratic focieties would proclude anonymous publi cations. Without ronning through all the topics of diffinction between the two cafes, let us felect for a short companion a libel on a private charafter by a refeletion of in the former, the focieties are immediately arrayed, and intrigues are pulhed to pre occupy the public mind. In the latter the prevailed during the whole cruife, and which have participated the very extraorown charafter at flake, if they abet him in a grifs and antounded calumny in the former, fo much will be planfely urged against punishing the said skes of those, who Three other fitips of the fleet have met with confiderable danages, they are le Temeraire, which was obliged to go into fort Malo je Trongeux which put into the Ille de Groix, near l'Ocient; and le goard the public weal, that the heinousness of the offence will be diminished in the effination of these very persons, who wish to do what is right. In the latter, one in dividual opposes another 1 in the former the injured individual encounters powerful body. In the latter, the character of Neptune, run aground upon the mud in the bay of Perros. The damages experi-enced by these ships will be easily repaired the flanderer may be afcertained : and if he has violated the laws of hospitality, of the two first are already in fafety; the third is at this moment furnished with every af fiftance which can enable us to hope for her immediate telief. Our loss is then

friendlin, or any endearing tie, thefe ag-gravated circumdance will be fixed; in the former he is concealed. With fach a ferurity on the fide of anonymous publi-cations, innocence may hope for fatisfac-tion; and, if to morrow the folicities were to he disable of the members of them might, which might have relifted the effect of common weather, but which fuddenly at failed by a temper that continued nearly the whole cruife, have yielded to the n ited influence of the wind and waves. as individuals, fill columns of the newlo nited influence of the wind and wares.

This cruife, however, in addition to the military and political objects it has fecured. has afforded our fearner facts or opinion of naval influencion as the united letter of the most fablime theory, or the most ingestions measurers could not have furnished. The Admiral writes us, that "if the Republic has left a free fixty. It has not be other hand counted a great washes without Subscribing their name pers. author interiting their cames; fearlefs of any precedent, which thould be derived from the fupprefition of usurping focieties to the extinction of the rights of thefe letters ; the answer is to prevail upo you, my fellow citizens to reflect on you fituation; and to imitate your ally, the on the other hand arguired a great number of feamen, for never was a crusfe better cal-culated to infirm the officers, or to form the French nation, by quenching what has been a firebrand to them, and may be a frebrand to us. Heaven has introfted to your disposal the happiest country upon earth. Carse it not, by wilfully noursh ing these ds of its destruction. The same frames to the requisite marine daty." This truth will be felt by every feamen, and in-deed by every mind accustomed to reflect; t now remains for you, citizens, to adopt meafere worthy of yourfelves, worthy blow, which shall affassinate the constitu-tion, will annihilate the union, and intail more as for ages, the miferies of civil war

GERMANICHS

the nation you represent: The following is the plan of the decree 1 am changes to lay before you.

The Nettinal Convention decrees.

"That the Committee of Public Safety is charged to repair immediately the Julie experienced by the naval armament, and to afford it every degree of increase and fplan. If the arguments offered do not accord with the true genius of republicanism, let them he difearded. Bot it will be angular in deed, if doctrines, which contront an u-furpation on the rights of equality, hould be found unfriendly to the republic the be found unfriendly to the republic of the ory. Let me befored upon to examine his difeoffin with crohests and temper, and the refute what you do not approve. I folicit on other condition, than candour and fair there is no the condition, than candour and fair there.

dour, worthy the power of the nation."
"This decree is adopted."
It is my dety, Citizens, to add, that indout, worthy the power of the nation."

misfortunes.

FROM THE WESTERN STAR.

THE COUNTRY LAWYER --- No.

T has been objected to the proposed re I has been objected to the propoled re-form, that if the circuit Courts are to have a final jurisdiction in causes of 1.50 consequence, it may hopen that the Judg-es in one district may give judgment in one way, and in another diffrict in a different manner; and of confe the laws become uncertain. This is merely imaginary, and cannot happen any more than it now does, in can'es where the courts of Common.

Pleas and of General Sellings of the Peace have final jurisdiction. It is to be presuma to an enlightened Jury would prove the existence of the same facts : and there can exificace of the fame fafts: and there can be no doubt but that the verdicts would be uniform. Should the Jedges is one diftiff determine a law quefition in a wrong manner, a writ of error would be brought in the Supreme Jedicial Court to reversely, and rectify the multake. If under the preference of the processing of the preference o ear fyflem, a Court of Common Pl-as in a caple appealed from a Juffice of the Peace, determine on a question of law, fay as to the Peace, determine on a question of law, fay as to the party and of opinion that the Court are in an error, by sling a bill of exceptions in the case the woods are the party of the p the whole matter may be forcad on the record, and a writ of error will e on the record, and a wint of error win e nable the Supreme Judicial Court to exam ine and determine whether the judgmen

of the Court of Pless was right or not.

This brings us to show some of the adrantages expected to result from this re-Under the old fyshem the Court does nor

fet in any county oftener than four times in the year—and of course, the Justices of the Common Pleas do not spend more than four, five, or fix weeks in any county in attending on the Courts-not being acattending on the Louriss-not being ac-quainted with the law, no law questions of any conf-quence are argued before them, knowing their jurildiction is not final, excovaing their jurisdition is no final, ex-cept in causes appealed from a Julice of all the Roylian Couract, them plates of the Peace, they are at no prims to examine law books, or attend to faw authorities.

But under the proposed plan, as the fees would command the attention of men of law talents, such undoubtedly would be apposined. Labors of the course of the property of the course of th able to refift the terrible weather which Inappointed Isflices of the circuit Courts supposed jettices or the circuit Courts. From riding the ricenic in their reflective diffricts, and attending nearly twenty weeks in the year in fome of them, and in one perhaps lefs than fireen; from their almost conflant employment, they would be contracted. tinually increasing in experience and knowindeally increasing to experience and know-ledge of Judicial concerns. Knowing that they had a finel jurification in cases of confiderable amounts for in their leif-are hours, at home, would be improving their fack of knowledge, by a contlant repurpose to the authories. their flock of knowledge, by a continual recourance to the authorities in the books; and being alfa fenible that the community had a right to expect from them, fervices proportionate to their frees of office, they would find that unleft they did render themfelver refrectible by their decisions, they would food fall into contemps. Finding also that when they flowed inside errors and for that when they flowed in side errors are greatly also that when they flowed in side errors are greatly also that when they flowed in the contemps.

the bench of that Court, we have had no-

thing to fear; we live in an age adorned with men of virtuous characters, but the

with men of virtoos characters, but me time may come when men may be placed on that bench, not in virtoe of their can-dars, parieter, and wildoufs of temper, qualities which now to cantently atom all the judges of that venerable Court: the time may come when men may be placed there not in virtue of their, profound tal-ents as ledders of law, but from having

ents as Judges of law, but from having

ing also that when they floudd make erro means deterptionations, their, judgments would be repetited in the Saprena, Judicial Court they would be equalities in duffrious at the Judyl of that curri are to become acquainted with the law of configuence would took broome requally refrectable. From which respectability would result that the circuit Cours of Common Pleas would operate as a check on the Survey Ladicial Cours of Common Pleas would operate as a check on the Survey Ladicial Cours of Common Pleas would operate as a check on the Survey Ladicial Course of Common Pleas would operate as does not meet with our conturrente. a check on the Supreme Judicial Court.
From the virtue, integrity and ability of
those who have hitherto been placed on

He will cover a second to the control of the second to the second to

Natice Rece, in England.

He will cover at Fear Pollars the Ieap, and Six Dellers the featon.

Described, May 1, 1795.

VILL Enad for covering at the flable of the fublicities,

Young Defender,

Y OUNG DEIGHOEF,
a mod elegant horfe, five years old this feafur, of a beastiful dark cheefed color, 15
hands high, well made for threight and
fired, was fixed by the noted Defender,
which was imported into the flate of NewYork—He-will cover at 6, the leap, 9,
the feasion, and 12, to warrant a foil.

Commission April 88, 1007.

Commington, April 28, 1795.

Pilgrim,

Will Lover mis featon at the fit ite at the fielder, at 20% the featon, at d 12% the leap.

JESSÉ MERRILL

At field, May 2, 1795

Kildear,

Will fished at the fable of the fub-feriber this feafor, at Three Dol-lats the leap. Five Dollars the feafon and Eight Dollars to enforce a real—He is if rea Eight Dollars to rulure a real—He is it rea fourths English, is full 15 hands high, a bright bay celour, is eight years old this pirings—he is letty, full dantail and relo-lute,—an excellent borifs for cits, which is proved by the following certifierts.

DAVID SUCCEMBRIDGE,
Haller, May,

Hadley, May 1, 1795.

WE do hereby certify, that the bay WE do bereby certify, that are bay Horfe, Kiddear, now let by Jele Wels at Devid Stackbridge, was fooled at Muldie-town, in this nate, by the noted Kiddear town, in this nate, by the noted Kiddear mare—the was large and very likely, and was fired by the imported horfe Ranger, he was fired by the Jamess-berts-Driver, the was fired by the Jamess-berts-Driver, that was inposted from England by Gav. Wentworth of Neshamphire, and was much for maning. Kildear has been kept feveral feafons by Maj. John Gilbert, of his town; john fine to the result of the control this fpring, are generally worth from 20 to 601.

John Wafs. John Gibers. Reger Fuller, Hebran, State of Connecticut,

April 24. 1795 GENTLEMEN, HERESTANDS THE Lofty,

NOW ready for covering; the Lofty is 4 years old, 16 hands high, of a beau-tiful bay color, black main, tail and legs, he was fired by that full blouded horse Bol-

he was fired by that full blooded horfe Bolldeer, in the State of New York, his dam
was fired by the True Britain, which makes
him 3 4th blooded.

Now, gentlemen, you that are for railing horfes for beauty and business, any he
accommodated by applying to the Lofty
on the following terms, viz.—Two Dullars the leap, and Twenty Smillings the
featon.—As the Lofty is extraordinaty
for fize, for its he for beauty and directory feafon.—As the Libry is called the for fize, for is he for hearty and firength; but however, I shall not fill the paper with commendations, as some do, but refer you commendations, as fome do, but refer you to the horse himself. He will stand on to the horie Bimiett.—He will fland on Mondays, Tuefdays and Wednefdays, of every week, at the flable of John Fred in Williamsburg, and the remainder of the time at the flable of Johns Maxwell in Cheflerfield, at which places confiant attendance will be given, and every favour acknowledged.

PRINCE BRYANT. N. B. Good pastering for mares. Chesterfield, May 1, 1795.

Boldair and Young

Bajazett,

Will find for enering this featon, at the fiable of the fulferiner, on the following terms, viz.—BOLDAIR at 3 Dellars the featon and 2 the leap.—BA-AZETT at 6 Dollars the featon and the leap.—Genlemen, as bere flands two heavilist borfes, I think it needlefs to nailed upon faid fiddle.— Whoever will take up faid Mare and thief, if Rolen) fhall be handlomely rewarded by JOHN PATRICK.

| Work | John Patrick | Work | Wall fair heads high; is faid by the beft judges of horfes, to be nearly equal to any horfe in the country, for beauty, gate and varriage; mor does this, gentlemen, give you an idea equal to his worth, but for the remaindequal to his worth, not for the remainder you may enquire after, or call and fee his colts at Blanford, in this flate, or in Renfellearwick, in the flate of Newyork, in which places he has covered, and where you will find his charafter Inflicient to me-

rit your attention, Bajazett is 3 years old the 5th of June Bhjazett is 7 years old the 5th of June next, is of a good hay colour, black main, tail and legs, 15 hands and an half high, and exceedingity well proportioned.—He was fired by the old Bajzett, in the city of Hartford, and flate of Connecticut.—I think in readless genderates, to fay any thing forther of his pedigree on that fide—his dam was a good and most beautiful mare, 2-ths blooded—he is faid he the head. dam was a good and most benefitful mare, 7-8ths blooded—be is faid by the best judges in this state, and in the state of New-York, far to exceed any tot that was every sid in this country, on every account; and have a proposed any U ran fay but as he has never covered any. I can fay nothing in regard to coils, but thall leave this description together with his other conspicuous excellencies to be his whole

N. B. Good paffuring for mares, con-flant attendance given, and every favor acknowledged, &c. J. B. Worthington, April 30, 1795.
