addition to the mulical charms which eve on of PETER PINDAR, a bie end the production of PETER TINDER, 2 no aphical fact in the following, makes us happy in elenting it to our readers.

LICITATIVE.

I of who cell a situated Monatch's Ract,
Diffolded the ferens of the Royat House,
And faig the critorists of -2 Lofe.
Taught preced/Cosks and Scullions how to main,
And gave to Potters language and their own;
Now mosk is Lumb in homble mediates errep,
And fing the virtues of a flock of Sheep!

Adieu! ev'ry Sheep that I've got! Ye playful and innocent Lambs! Ye Ewes, the fapport of my Flock! Ye fober and Reverend Rams!

No more to my arms faill ye run,
As together we frifk it and play,
In the Summer to feed you with grafs,
In the Winter to feed you with hay.

I thall fend you no more to the Fold,
No more fault I bring you together,
No more to a facet little Eac.
Shall I couple a merry Bell-wether.

Lack-a day ! how I'm alter'd of late, As I fear by my vilinge appears.

As I I am nor the firm as I was †

For I'm older by fixty good years !

Oh! lift to this maxim, my friends, en at unce is both mover and TEUE, "Ye too much relign your fweet breath," For cubs his post years can renew?

What thanks to your love do I owe ! In the fon-thine whomeser! I flrap, Repoling my limbs on the ground. How fweet to be guarded by theep.

Let me copy your virines for rate,
Then receive my laft thanks and laft figh Your fimplicity taught me lo live, Let your is nocence teach me to die!

Then no more shall my mortified spirit

Use any unfortunate Imp ill;

Bot all, whild they envy, shall own

THE VIRTUES of PETER—the simple!

* I am well aware of the objection the Critic "I am well aware of the objedies the Critic may make say unjuly at Eure to a Bill carber has I foull by have it refer than to States rack As you like it, do 21, Serse 14, ex an threst I caucius fully fafficient to anywar any ob-jedies they may think proper to put against me. 1 May fam you'll crass.

THE NEW WAY

Mr. PRINTIA.

N your paper of April 6th, 1795, I find, and
was pleased with fome humorous remarks on
e old vary; and I hope the writer of that piece,
on t be afficulted, if I make fome remarks on the the eld exty; and a large too virtue, and pack, won't be allicated, it I make from remarks or never eary; and at I am on corporate, floring from our greatering, it find iny northing about host, or primarises, the stay of t solutions good works: and if the Interior intilitered witnes in all her brankens colours, toly neglec's these important doctrines, in my
litered witnes to good as the vice my. Per
pryet was once generallyspiration of an open and fall in larmor of the general a mg
in of it now, but that this the met comp. The
anne furning was for are when I was young,
at the perion indulying hinstiff in the practice
it, was a mark object, and mething can be
id in favour of the general practice or if now,
if you had not been an open and the practice
it, was a mark to higher, now, influent of borning
to make the property of the good of the my
literation of the good of the my
literation of the good of the my
literation of the solution of the good
to good of the good of the good
to goo "" now you old foperfitious Diteiples, log tof yourfelves." But they could not fing, for the par fon had fixed on a particular metre, that they was not acquainted with; and when it was moved to him, to change his meter, he tefufed. This was the duce and all, with a witneft. And it was a
