told you I fulficited your rotes for myfelf only.—
He tells you why he difflike any goliust—be difflicts them, breaded I have always oppoided that was beneface that I have oppoided, that was beneface that I have oppoided, that was beneface that I have oppoided, that was benefaced to the second of the second o in omee, is not to be found in our old Conflict tion.—You know my hillery: there is no part of my political conduct of which I secont, and there no part of it which I intend to alter.

ore no part of it which I intend to alter."
This freech was received with that lood demon-tration of joy which is expressive of the heart left fatisfaction of a moltitude of persons who revere

thration of joy which is experifier of the heart left fatisfation of a molitude of perious who retree the orator who adderfice them.

"Mr. Tookstpeke nearly as follows—" before you heard the Admiral, I told you that which you found to conflict, that if the Admiral floaks he would foest against himself—" You trave heard him, are you not of opinion that he has folce a gainst himself." No I No I was weelfersted on one fide, and yar! yes I on the cather. "Hat he do nited to condemnation that he has folce a squall himself!" No I No I was weelfersted on one fide, and yar! yes I on the cather. "Hat he added nited condemnation the early that Mr. For always word squall the measurest of the mixing, "good or bad." Need I draw the confiquence I.—"That the dendiral, in fige-king for the mixing, har fipchen yes find himself—for the month, the procept, that the mixing he has beginned in a week eldet—be in no longer a love, but a friend—he tells you he is a friend to the King, and a friend to the conflictution—I did not hear thin feels one word about the people. I Here there was a nay not of applicate from the maintime!—He forbears to far a prince for a popular from the maintime!—He forbears to far a prince for a popular from the maintime!—He forbears to far a prince for a proper large pools. If then like to fay any thing about the people. He has like wife fail, that he is a triend to the trensity; and, although the is not fail for, I (inpude he would with it to be underflood, that he is allo a friend to his construction to be a friend to both, at this time, appears to me to be very difficult; however, it is now addulately incondificat in the Admiral, if you take into confidention the time and place in which he fays it. He declares himself!

sime has sie eus happenel, ozil han afrail li zermil happen, when met fluodib to retwirded as they
deferre for naval and military fervices; they are
the moß ungwerfell of all ferrieries, and which neither private men nor officers are folferently pales
are of nor tearned—but what I complish of the
fervices, and make give of them's as inclument to
deflroy the liberty of this contry.

The ministers often feed were of no charafter,
or men of and charafter finch as yours, was oneed by foune perion, whis was referred by the popnince, which produced a great uproart. It was
