9. Historical significance (include explanation of themes checked above)

This residence with tower and gables was built between 1877 and 1884 for Sarah Currier, who acquired the land in two parcels from Sarah Janes in 1877 and 1882.

The structure includes an L-shaped plan with three story tower located at the joining of the masses. The tower features a steep hipped roof with four dormers. The main mass is covered by a ridge roof. Fenestration is irregular and windows are 2/2 with plain casements. Several additions- an entrance porch and rear wing-are present.
