9. Historical significance (include explanation of themes checked above)

In 1903 Estella Patrell, the wife of Elbridge Patrell, a Florence grocer, purchased this lot of land from John Huxley. Mr. Huxley was a carpenter and builder, residing at 13 Arlington St. It's probable that he built this house for the Patrells.

The house is 2½ stories in height with gable end to the street and a 2½ story ell on the western side. A one-story porch covers half of the two-bay facade and extends along the western side to the projection. This porch has a hipped roof, turned posts with brackets and balustrade.
