9. Historical significance (include explanation of themes checked above)

Fruit and Konz Sts were opened off of South St. in the mid 1820's. These were the first street to be developed off of South St, and along with Union and Cherry Sts., which were opened off of Market St at the same time, represent the first major subdivisions in Northampton center.

The house features a flush-boarded, pedimented front gable with small round-headed window and a tall entrance way. The door is flanked by pilasters and crowned by a four-light transom and entablature. The house extends back to a one-story barn.
