9. Historical significance (include explanation of themes checked above)

In 1882 Sylvester White bought a small lot of land on North Maple St. for \$275. This house first appears on the 1884 atlas and Mr. White is described as a box maker in the local directory.

The house is two stories tall and L-shaped, with two one-story porches. The porches have hipped roofs, chamfered posts with small brackets and a balustrade. There's also a bay window on the southern side of the front leg and an oculus is located in the front gable.
