This was one of the first houses built on the street and seems o have been built for Joel Haynes, a milk contractor. The house is two-and-a-half tories tall with gable end to the street, and two-and-a-half story cross-gables n either side. A one-story porch covers the front entrance and extends along the astern side to the projection, while a small porch sits above the entrance to the accade. The first floor porch has a gsbled entrance, bracketed cornice and turned osts. Decoratively-cut shingles are used as a belt course between the second story.	**************************************
